Explanations

English Language (Basic Knowledge)

Q.1 · Answer (B) If India will win

In a first conditional the 'if' clause takes the simple present, not 'will': 'If India wins this match, they will win the series.'

Q.2 · Answer (C) Placque

'Placque' is misspelt: the word is 'plaque', a flat tablet fixed to a wall, or the film that forms on teeth.

Q.3 · Answer (D) for more than 16 years

'For' goes with a length of time ('for more than 16 years'); 'since' goes with a point in time ('since 2004').

Q.4 · Answer (A) Portfolio

A portfolio is a set of drawings, photographs or documents that shows a person's, especially an artist's, work. A dossier is a file of papers on one person or subject, and a profile a short description of someone.

Q.5 · Answer (B) Among

'Among the attractions of Hampi are ...' introduces some of its many attractions; 'aside', 'along' and 'away' do not fit before 'the attractions'.

Q.6 · Answer (B) are

The sentence is inverted: its subject is the list that follows ('beautiful temples, ruins of palaces ...'), which is plural and described in the present: 'are'.

Q.7 · Answer (D) remains

'Remains' are what is left of old buildings, which sits with 'ruins of palaces': 'remains of aquatic structures'.

Q.8 · Answer (A) endless

A list that goes on and on is 'practically endless'; the dots before it point the same way.

Q.9 · Answer (B) located

'Located' is the word for where a building or place lies: the station is situated about 13 km from Hampi.

Q.10 · Answer (A) Conceal

To 'disclose' is to make known; to 'conceal' is to keep hidden. To 'disguise' is to change how something looks, and to 'disrupt' is to interrupt.

Q.11 · Answer (D) Control

A 'constraint' is a limit or restriction on what can be done, a form of 'control'.

Q.12 · Answer (B) Fleet

A fleet is a group of ships sailing together. A navy is a country's whole sea force, and vessels and cruisers are ships.

Q.17 · Answer (B) I have not been forgotten even though I have been away for a year.
SSC's key gives the only option that makes 'me' the passive subject 'I' and keeps the rest of the sentence: 'she did not forget me' and 'she has not forgot me' are still active, and 'she had not been forgotten' makes her the one forgotten. Strictly, the simple past 'did not forget' would become 'I was not forgotten (by her)', which no option gives.

Q.18 · Answer (B) Brinda said to her doctor, “I am leaving for Boston tomorrow.”
In direct speech 'told' becomes 'said to', 'she' becomes 'I', the past 'was leaving' goes back to the present 'am leaving', and 'the next day' becomes 'tomorrow'.

Q.19 · Answer (D) I don’t recognise none of
'Don't' and 'none' make a double negative: 'I don't recognise any of the politicians ...'.

To 'get the hang of' something is to learn how to do or use it.

Q.22 · Answer (D) Healthy and strong
