Explanations

English Language (Basic Knowledge)

Q.1 · Answer (B) emission

Going vegan would cut the gases given off into the air: carbon 'emission'. 'Omission' means leaving something out, and 'inclusion' and 'exclusion' do not fit.

Q.2 · Answer (D) Comprehensive

'Holistic' means dealing with the whole of something rather than its parts: 'comprehensive'. 'Sketchy' and 'superficial' are nearly its opposites.

Q.3 · Answer (A) She was given a warning about coming late to school every day by the Principal.

The object 'her' becomes the subject 'she', and the simple past 'gave' becomes 'was given': 'She was given a warning about coming late to school every day by the Principal.'

Q.4 · Answer (D) Calm

To 'agitate' is to stir up or make anxious; its opposite is to 'calm'. 'Excite' is close to it in meaning.

Q.5 · Answer (C) have

The plural subject 'different individuals', in a present-tense statement of a general truth, takes 'have'.

Q.6 · Answer (C) happiness

The passage is about how people try to achieve 'happiness', and the next sentence says where different people find it.

Q.7 · Answer (D) in

Something 'lies in' what it consists of: for some, happiness lies in wealth.

Q.8 · Answer (B) rank

'Rank and position' go together as marks of status, which others see as the source of happiness.

Q.9 · Answer (D) elusive

'Yet' sets up a contrast: whatever people seek, happiness stays 'elusive', hard to find or achieve, for most.

Q.10 · Answer (B) Discriminiation

The correct spelling is 'discrimination', without the extra 'i'.

Q.11 · Answer (C) Prowl

To 'lurk' is to wait or move about out of sight, usually with bad intent; to 'prowl' is to move about stealthily, as if hunting.

Q.12 · Answer (C) acted hastily

To 'jump the gun' is to act too soon, before the right time, like a runner who starts before the starting pistol.

Q.13 · Answer (A) DBCA

D makes the general point (education is no guard against fake news), B gives an example (forwarded medical advice), C admits that we forward such messages anyway, and A draws the conclusion ('So, clearly'): DBCA.

Q.14 · Answer (D) Bouquet

'Bouquet', a bunch of flowers, is spelt correctly. 'Frequensy' should be 'frequency' and 'Secquence' 'sequence', and 'Acquirum' is not a word.

Q.15 · Answer (D) Therapeutic

'Therapeutic' means relating to the healing of disease. 'Inoculation', 'immunity' and 'preventive' are about keeping disease away rather than curing it.

Q.16 · Answer (B) Attempting something impossible

'Looking for a needle in a haystack' is searching for something almost impossible to find: a task with next to no chance of success.

Q.17 · Answer (D) is likely to continue
The subject 'the trend' is singular, so it takes 'is', and 'likely' is followed by a to-infinitive: 'the trend is likely to continue'.

Q.18 · Answer (A) Congregation
A congregation is a group of people gathered in a place of worship for prayer. A crowd, a throng and a multitude are large gatherings of any kind.

Q.19 · Answer (A) Agreeable
'Heinous' means utterly wicked or hateful; of the options, 'agreeable', pleasant, is its opposite.

Q.20 · Answer (A) BCDA
B reports Dr. Meena Kumar's sudden death, C says who she was, D says her death highlights the risky lives of doctors, citing an IMA study, and A gives that study's finding: BCDA.

Q.21 · Answer (A) No improvement
'Advise' takes an object and a to-infinitive ('advised Naveen to keep'), and one keeps away 'from' something, so the sentence is correct as it stands.

Q.22 · Answer (A) I can be able to
'Can' already means 'be able to', so the two cannot be combined: 'I can climb' or 'I will be able to climb'.

Q.23 · Answer (A) isn't he
A positive statement takes a negative question tag with the same auxiliary and pronoun: 'He is your brother, isn't he?'

Q.24 · Answer (B) used to made
'Used to' is followed by the base form of the verb: 'used to make'.

Q.25 · Answer (D) The child asked his mother, “May I swim in the pool here?”
In direct speech the child speaks of himself as 'I' and says 'here' for 'there', and a request for permission, 'May I', is reported as 'if he could'. 'Will I' would have been reported with 'would'.
