Explanations

English Language (Basic Knowledge)

Q.1 · Answer (C) cultural performings.

'Performings' is not standard English: the plural noun for shows is 'performances', so 'spectacular cultural performances'.

Q.2 · Answer (A) Exodus

An exodus is a mass departure of people from a place. Immigration is coming to live in a foreign country, and mitigation is making something less severe.

Q.3 · Answer (A) a pride of lions

A group of lions is called a 'pride'. 'Flock' is used for birds or sheep, 'herd' for cattle or elephants and 'school' for fish.

Q.4 · Answer (D) Unite

To 'integrate' is to bring parts together into a whole: to 'unite' them. 'Divide' is nearly its opposite.

Q.5 · Answer (B) responsible

Air pollution is the cause of the diseases, so it is 'responsible for' them. 'Responsive' means reacting readily, 'responsibility' is a noun, and 'are responding for' makes no sense.

Q.6 · Answer (C) health

Respiratory diseases and other illnesses are effects on people's health: 'its health impacts'.

Q.7 · Answer (D) cleaner

Switching to 'cleaner' fuels, which pollute less, is a measure against air pollution. 'Guiltless' and 'righteous' describe people, and 'immaculate' (spotless) does not describe a fuel.

Q.8 · Answer (C) polluting

'Polluting industries' are industries that cause pollution; the '-ing' form works as an adjective before the noun. 'Polluted industries' would be industries that have been polluted.

Q.9 · Answer (C) breathe

After 'desires to' the verb takes its base form: 'to breathe clean air'. 'Breathes' and 'breathed' are inflected forms and 'breather' is a noun.

Q.10 · Answer (B) double standards

People with 'double standards' hold one principle in words and follow another in practice: they say something and do something else.

Q.11 · Answer (C) BCDA

B defines handloom, C names Banarasi textiles as one of the most prominent Indian handlooms, D describes them, and A ('However ...') turns to power looms replacing them today: BCDA.

Q.12 · Answer (C) State your opinion clearly

Not to 'mince your words' is to say plainly what you think, even if it may offend.

Q.13 · Answer (A) Roshan told me that Sandeep had made a new year greeting card for his teacher.

'Said to me' becomes 'told me', the reported clause is joined with 'that', and the simple past 'made' goes back to the past perfect 'had made'. 'Roshan said Sandeep had made ...' leaves out the listener, 'me'.

Q.14 · Answer (A) No improvement

After 'did' the verb takes its base form, 'ask', and 'all four of you' is the idiomatic order, so the segment needs no change.

Q.15 · Answer (D) Permit

To 'disable' is to make unable or stop from working; its opposite, 'enable', means to make possible or allow, as 'permit' does. 'Disapprove', 'disallow' and 'refuse' point the same way as 'disable'.

Q.16 · Answer (D) technician
The blank is the subject of 'entered' and 'robbed', so it must name a person, and of these words only 'technician' does. 'Technical' is an adjective, and 'technicality' and 'technique' name things, not people.

Q.17 · Answer (A) Restrain
To 'incite' is to stir up or urge on; to 'restrain' is to hold back. 'Instigate' and 'provoke' are its synonyms.

Q.18 · Answer (B) ADCB
A says forests store water for rivers and streams; D ('Unfortunately') says these forests are disappearing; C gives the result, water shortage in summer; B warns that further felling will dry up the rivers and cause drought: ADCB.

Q.19 · Answer (C) Annoy someone
To 'rub someone the wrong way' is to annoy or irritate them.

Q.20 · Answer (C) Deride
To 'deride' is to mock or laugh at scornfully. To 'deprive' is to take something away, and to 'defy' is to resist openly.

Q.21 · Answer (A) Jaggery is used by me to sweeten my tea in winters.
The simple present 'use' becomes 'is used' with the singular subject 'jaggery': 'Jaggery is used by me to sweeten my tea in winters.'

Q.22 · Answer (D) Clearify
'Clearify' is misspelt: the word is 'clarify', although it is related to 'clear'.

Q.24 · Answer (A) Endurance
'Tolerance' includes the capacity to bear pain or hardship, which is 'endurance'. 'Impatience' is nearly its opposite, and 'oppression' and 'aggression' are unrelated.

Q.25 · Answer (B) was taking ill
The idiom is 'fall ill' or 'be taken ill', and it happened on one day, so the simple past is needed, not 'was taking ill': 'My domestic help fell ill (or was taken ill) the day I had a party in my house.'

General Awareness

Q.1 · Answer (A) 551
India had 551 wildlife sanctuaries in autumn 2019: the Wildlife Institute of India counted 551 on 30 September 2019, and the Environment Ministry gave Parliament the same figure in November 2019. The count changes as states notify new sanctuaries or upgrade existing ones to national parks.

Q.7 · Answer (D) Viswanathan Anand
The chess player Viswanathan Anand received the first Rajiv Gandhi Khel Ratna, for 1991-92.

Q.8 · Answer (C) John B Goodenough, M Stanley Whittingham and Akira Yoshino
John B. Goodenough, M. Stanley Whittingham and Akira Yoshino shared the 2019 Nobel Prize in Chemistry. Frank, Henderson and Dubochet won the 2017 Chemistry prize (cryo-electron microscopy), Thorne, Weiss and Barish the 2017 Physics prize (gravitational waves), and Stoddart, Sauvage and Feringa the 2016 Chemistry prize (molecular machines).

Q.10 · Answer (B) The Governor can dissolve the Legislative Assembly of a State.
Under Article 174(2)(b) the Governor may dissolve a State's Legislative Assembly. The Lok Sabha is dissolved by the President, not the Speaker, and the Rajya Sabha and a State's Legislative Council are permanent bodies that are not dissolved.

Q.11 · Answer (A) Cache Memory
Cache memory is a small, very fast memory between the CPU and main memory that keeps frequently used data and instructions close at hand, so the CPU waits less.
