(A) Neeta said that she wanted to see how Pragya performed in her preboard examinations.
(B) Neeta said I would see how Pragya performed in her preboard examinations.
(C) Neeta wants to see Pragya's performance in her preboard examinations.
(D) Neeta wanted to see how Pragya would perform in her preboard examinations.

Q.4

Select the word which means the same as the group of words given. An unforseen happening which creates some damage

(A) Mystery
(B) Menace
(C) Magical
(D) Mishap

Q.5

In the following passage some words have been deleted. Fill in the blanks with the help of the alternatives given. Select the most appropriate option for each blank. A recent census of waterbirds conducted as a part of Asian Waterbird Census (1)_____ an increase in their population in Najafgarh Jheel this year. The census also showed a (2)_____ in the number of threatened species. Last year, the number of waterbird species were thirty-one which climbed to fifty- four this year, while the threatened variety (3)_____ from four to six in the same duration. The region also saw a healthy monsoon in 2019, which would have (4)_____ impacted the quality of habitat, making it (5)_____ to more birds.

Select the most appropriate option for blank number 1.

(A) recorded
(B) responded
(C) played
(D) reaped

Q.6

In the following passage some words have been deleted. Fill in the blanks with the help of the alternatives given. Select the most appropriate option for each blank. A recent census of waterbirds conducted as a part of Asian Waterbird Census (1)_____ an increase in their population in Najafgarh Jheel this year. The census also showed a (2)_____ in the number of threatened species. Last year, the number of waterbird species were thirty-one which climbed to fifty- four this year, while the threatened variety (3)_____ from four to six in the same duration. The region also saw a healthy monsoon in 2019, which would have (4)_____ impacted the quality of habitat, making it (5)_____ to more birds.

Select the most appropriate option for blank number 2.

(A) wealth
(B) health
(C) slowdown
(D) growth

Q.7

In the following passage some words have been deleted. Fill in the blanks with the help of the alternatives given. Select the most appropriate option for each blank. A recent census of waterbirds conducted as a part of Asian Waterbird Census (1)_____ an increase in their population in Najafgarh Jheel this year. The census also showed a (2)_____ in the number of threatened species. Last year, the number of waterbird species were thirty-one which climbed to fifty- four this year, while the threatened variety (3)_____ from four to six in the same duration. The region also saw a healthy monsoon in 2019, which would have (4)_____ impacted the quality of habitat, making it (5)_____ to more birds.

Select the most appropriate option for blank number 3.

(A) had risen
(B) rose
(C) rises
(D) is risen

Q.8

In the following passage some words have been deleted. Fill in the blanks with the help of the alternatives given. Select the most appropriate option for each blank. A recent census of waterbirds conducted as a part of Asian Waterbird Census (1)_____ an increase in their population in Najafgarh Jheel this year. The census also showed a (2)_____ in the number of threatened species. Last year, the number of waterbird species were thirty-one which climbed to fifty- four this year, while the threatened variety (3)_____ from four to six in the same duration. The region also saw a healthy monsoon in 2019, which would have (4)_____ impacted the quality of habitat, making it (5)_____ to more birds.

Select the most appropriate option for blank number 4.

(A) decently
(B) dutily
(C) directly
(D) deftly

Q.9

In the following passage some words have been deleted. Fill in the blanks with the help of the alternatives given. Select the most appropriate option for each blank. A recent census of waterbirds conducted as a part of Asian Waterbird Census (1)_____ an increase in their population in Najafgarh Jheel this year. The census also showed a (2)_____ in the number of threatened species. Last year, the number of waterbird species were thirty-one which climbed to fifty- four this year, while the threatened variety (3)_____ from four to six in the same duration. The region also saw a healthy monsoon in 2019, which would have (4)_____ impacted the quality of habitat, making it (5)_____ to more birds.

Select the most appropriate option for blank number 5.

(A) attractive
(B) possible
(C) unattractive
(D) impossible

Q.10

In the given sentence identify the segment which contains the grammatical error. The neighbourhood were getting disturbed with the loud music that was playing at the wedding party in the big bungalow.

(A) in the big bungalow
(B) The neighbourhood were getting disturbed
(C) that was playing
(D) at the wedding party

Q.11

Select the INCORRECTLY spelt word.

(A) Escalation
(B) Irritable
(C) Appreciation
(D) Irational

Q.12

Select the most appropriate meaning of the given idiom. To fall on deaf ears

(A) To be paid attention
(B) To be ignored

Q.25 **(C)**					

Explanations

English Language (Basic Knowledge)

Q.1 · Answer (D) No improvement

The sentence is correct: the past continuous of the linking verb 'look' with the adjective 'troubled' (worried) says how she seemed at that moment. 'Was troubling' would mean she was causing trouble.

Q.2 · Answer (C) Hamper

To hamper is to hinder, to get in the way of something. 'Facilitate' is nearly its opposite, 'indulge' means to allow oneself a pleasure and 'deprive' to deny someone something.

Q.3 · Answer (A) Neeta said that she wanted to see how Pragya performed in her preboard examinations.

'Let me' expressing a wish is reported with 'wanted to'; 'me' becomes 'she', and after the past 'said' the present 'performs' moves back to 'performed'.

Q.4 · Answer (D) Mishap

A mishap is an unlucky accident, usually a minor one. A menace is a threat, and 'mystery' and 'magical' do not fit.

Q.5 · Answer (A) recorded

A census 'records' what it finds: the census recorded an increase in the waterbird population.

Q.6 · Answer (D) growth

The threatened species went up from four to six, so the census showed a 'growth' in their number.

Q.7 · Answer (B) rose

The change happened over a finished period, from last year to this, so the simple past 'rose' is needed, like 'climbed' earlier in the sentence.

Q.8 · Answer (C) directly

A healthy monsoon would have 'directly' affected the quality of the habitat. 'Dutily' is not a word, and 'decently' and 'deftly' (skilfully) do not fit.

Q.9 · Answer (A) attractive

A better habitat makes the lake 'attractive' to more birds, which explains the rise in their numbers.

Q.10 · Answer (B) The neighbourhood were getting disturbed

Taken as one unit, the collective noun 'neighbourhood' takes a singular verb: 'The neighbourhood was getting disturbed'.

Q.11 · Answer (D) Irational

The correct spelling is 'irrational', with a double 'r'.

Q.12 · Answer (B) To be ignored

Advice or a request that 'falls on deaf ears' is ignored: nobody pays attention to it.

Q.13 · Answer (C) audiences

The people who watch films are their 'audiences'; the sentence is about what today's viewers want to see.

Q.14 · Answer (D) CADB

C names the state and its problem, water scarcity; A introduces the Saranda forests as a catchment for its rivers ('this state'); D describes these forests and the plan against mining; B warns what mining would do to the remaining rivers: CADB.

Q.15 · Answer (D) Admit that you are wrong

To 'eat humble pie' is to admit that you were wrong and apologise humbly.

Q.16 · Answer (C) delayed

The flyover will be ready only in March, later than planned, so its reopening has been 'delayed'.

Q.17 · Answer (C) Strong
Fragile means easily broken or damaged; its opposite is 'strong'.

Q.18 · Answer (C) Diamonds can be bought but sympathy cannot be brought.
SSC's key gives 'Diamonds can be bought but sympathy cannot be brought.': 'can buy' becomes 'can be bought' and 'cannot buy' 'cannot be bought', with 'but' kept for the contrast, and only this option follows that pattern. All four options print 'brought' (from 'bring') in the second clause, a misprint for 'bought'.

Q.19 · Answer (A) Planned
Impromptu means done without planning or preparation; its opposite is 'planned'. 'Unplanned' is a synonym.

Q.20 · Answer (C) so it was a bit scared
'Scared' describes someone who feels fear; a place that causes fear is 'scary': 'so it was a bit scary'.

Q.21 · Answer (A) Scattered
Interspersed means placed here and there among other things: 'scattered'.

Q.22 · Answer (B) that you are going
'Would' must be followed by a base form ('would go', 'would be going'), so 'would going' is wrong. Of the options only 'that you are going' is grammatical: the present continuous for a plan for the same evening, still in the future when the question is asked.

Q.24 · Answer (B) BADC
B sets the scene, a harsh winter in North India; A reports the fall in the capital's minimum temperature as cold winds blew in; D gives the one good result of these winds, cleaner air; C, opening with 'However', says temperatures would soon rise: BADC.

Q.25 · Answer (C) Acted
To masquerade is to pretend to be someone or something else, to put on an act: 'acted' is the closest of the options.

General Awareness

Q.1 · Answer (B) Lord Mountbatten
Lord Mountbatten, Viceroy from March 1947, oversaw the partition and the transfer of power on 15 August 1947, and stayed on as independent India's first Governor-General until June 1948.

Q.2 · Answer (A) MARSIS
MARSIS, the Mars Advanced Radar for Subsurface and Ionosphere Sounding on board Mars Express, picked up radar echoes that point to a lake of liquid water about 1.5 km below the ice of Mars's south polar cap; the finding was published in July 2018.

Q.3 · Answer (C) Ryan ten Doeschate
Ryan ten Doeschate of the Netherlands, who played his 33 ODIs between 2006 and 2011, averaged 67.00: in January 2020 the highest career ODI average among batsmen with at least 20 innings. Virat Kohli's was then about 60.

Q.4 · Answer (A) Fuse
A fuse wire, of a metal with a low melting point, heats up and melts when too much current flows, breaking the circuit: it works on the heating effect of electric current.

Q.5 · Answer (D) Khangchendzonga National Park
Khangchendzonga National Park in Sikkim was inscribed in 2016 as India's first 'mixed' World Heritage Site, listed for both its natural and its cultural value.

Q.6 · Answer (B) 250
Article 80 caps the Rajya Sabha at 250 members: 12 nominated by the President and not more than 238 representatives of the States and Union Territories.

Q.7 · Answer (A) William G Kaelin Jr, Sir Peter J Ratcliffe and Gregg L Semenza
William Kaelin, Peter Ratcliffe and Gregg Semenza shared the 2019 Nobel Prize in Physiology or Medicine. Goodenough, Whittingham and Yoshino won the 2019 chemistry prize, for lithium-ion batteries; Thorne, Weiss and Barish the 2017 physics prize; and Stoddart, Sauvage and Feringa the 2016 chemistry prize.

Q.8 · Answer (C) India's dairy industry
Operation Flood, launched by the National Dairy Development Board in 1970 under Verghese Kurien, built a national milk grid linking producers to consumers; it is known as the White Revolution.

Q.9 · Answer (A) West Champaran, Bihar
Valmiki Tiger Reserve lies in West Champaran district of Bihar, on the border with Nepal. Tadoba-Andhari is in Chandrapur, Ranthambore in Rajasthan and Dudhwa in Lakhimpur Kheri.

Q.10 · Answer (D) Cherrapunji lies on the windward side of the Khasi hills and receives rainfall from the Bay of Bengal branch of monsoon, while Shillong lies on the leeward side of the Khasi hills, which forms the rain shadow area.
Moist winds of the Bay of Bengal branch of the monsoon rise up the southern, windward slopes of the Khasi hills and drop heavy rain at Cherrapunji; Shillong, on the leeward side, lies in a rain shadow and gets far less.

Q.11 · Answer (A) Dhyan Chand
National Sports Day, 29 August, marks the birth anniversary of the hockey player Major Dhyan Chand, born on that day in 1905.

Q.12 · Answer (B) To measure income inequality
SSC's key gives 'income inequality': the Gini coefficient measures how unequally income is distributed, from 0 when everyone has the same income to 1 when one person has it all. It is worked out from the distribution of income, but what it measures is the inequality in it, so 'distribution of income' is too general.

Q.13 · Answer (A) Article 74(1)
Article 74(1) provides for a Council of Ministers with the Prime Minister at its head to aid and advise the President.

Q.14 · Answer (A) Mridangam
Palghat Mani Iyer was a leading mridangam player of Carnatic music.

Q.15 · Answer (B) 17
Mahmud of Ghazni is traditionally said to have raided India 17 times, between 1000 and 1027 CE; his raid on the Somnath temple is the best known.

Q.16 · Answer (A) Just Fontaine
Just Fontaine of France scored 13 goals at the 1958 World Cup in Sweden, a record for one tournament that still stood in January 2020.

Q.17 · Answer (C) Sania Mirza
Sania Mirza and Nadiia Kichenok of Ukraine won the women's doubles at the Hobart International in January 2020, in Mirza's first tournament after her return from maternity leave.

Q.18 · Answer (A) Flash drive
A USB flash drive (pen drive) stores data in flash memory and plugs into a USB port; it is used like a small portable hard drive.

Q.19 · Answer (A) Ganges-Brahmaputra Delta
The Ganges-Brahmaputra delta, in India and Bangladesh, is the largest delta in the world; its seaward part holds the Sundarbans mangrove forest.

Q.20 · Answer (C) 5th June
The UN chose 5 June, the opening day of the 1972 Stockholm Conference on the Human Environment, as World Environment Day; it has been observed every year since 1974.

Q.21 · Answer (A) A portal launched by the Government of India to block and trace mobile phones

The Central Equipment Identity Register (CEIR), set up by the Department of Telecommunications, holds the IMEI numbers of mobile phones; through its portal, launched in 2019, a lost or stolen phone can be blocked on every network and traced. (The question's 'Identify' is a misprint for 'Identity'.)

Q.22 · Answer (C) 26 December 2019

Udham Singh, who shot Michael O'Dwyer in London in 1940 to avenge the Jallianwala Bagh massacre, was born on 26 December 1899, so his 120th birth anniversary fell on 26 December 2019.

Q.23 · Answer (D) Justice HL Dattu

Justice H L Dattu, a former Chief Justice of India, chaired the National Human Rights Commission from February 2016 to December 2020, so he held the post in January 2020. Justice Pinaki Chandra Ghose became India's first Lokpal in March 2019.

Q.24 · Answer (C) Assam

The greater one-horned rhinoceros lives in the grasslands of the Brahmaputra valley; Assam's Kaziranga National Park holds most of the world's population, and Pobitora, Orang and Manas also have rhinos.

Q.25 · Answer (C) RAM

RAM is electronic memory that the processor reads and writes directly, much faster than a hard disk, a floppy disk or a CD-ROM, which all depend on moving parts.
