At 3352 to 3658 meters above sea level, the gentle (5)_____ of the Valley of Flowers National Park complements the rugged mountain wilderness of Nanda Devi National Park to the east.

Select the most appropriate option to fill in blank No.1.

(A) That
(B) Which
(C) This
(D) These

Q.6

In the following passage some words have been deleted. Fill in the blanks with the help of the alternatives given. Select the most appropriate option for each blank. Valley of Flowers National Park, an Indian national park located in North Chamoli in the state of Uttarakhand, is known for its meadows of endemic alpine flowers and variety of flora. (1)_____ richly diverse area is also home (2)_____ rare and endangered animals, including the Asiatic black bear, snow leopard, musk deer, brown bear, red fox, and blue sheep. Birds (3)_____ in the park include the Himalayan monal pheasant and other (4)_____ altitude birds. At 3352 to 3658 meters above sea level, the gentle (5)_____ of the Valley of Flowers National Park complements the rugged mountain wilderness of Nanda Devi National Park to the east.

Select the most appropriate option to fill in blank No.2.

(A) with
(B) in
(C) to
(D) of

Q.7

In the following passage some words have been deleted. Fill in the blanks with the help of the alternatives given. Select the most appropriate option for each blank. Valley of Flowers National Park, an Indian national park located in North Chamoli in the state of Uttarakhand, is known for its meadows of endemic alpine flowers and variety of flora. (1)_____ richly diverse area is also home (2)_____ rare and endangered animals, including the Asiatic black bear, snow leopard, musk deer, brown bear, red fox, and blue sheep. Birds (3)_____ in the park include the Himalayan monal pheasant and other (4)_____ altitude birds. At 3352 to 3658 meters above sea level, the gentle (5)_____ of the Valley of Flowers National Park complements the rugged mountain wilderness of Nanda Devi National Park to the east.

Select the most appropriate option to fill in blank No.3.

(A) finding
(B) find
(C) found
(D) are found

Q.8

In the following passage some words have been deleted. Fill in the blanks with the help of the alternatives given. Select the most appropriate option for each blank. Valley of Flowers National Park, an Indian national park located in North Chamoli in the state of Uttarakhand, is known for its meadows of endemic alpine flowers and variety of flora. (1)_____ richly diverse area is also home (2)_____ rare and endangered animals, including the Asiatic black bear, snow leopard, musk deer, brown bear, red fox, and blue sheep. Birds (3)_____ in the park include the Himalayan monal pheasant and other (4)_____ altitude birds. At 3352 to 3658 meters above sea level, the gentle (5)_____ of the Valley of Flowers National Park complements the rugged mountain wilderness of Nanda Devi National Park to the east.

Select the most appropriate option to fill in blank No.4.

(A) flight
(B) high
(C) far
(D) soaring

Q.9

In the following passage some words have been deleted. Fill in the blanks with the help of the alternatives given. Select the most appropriate option for each blank. Valley of Flowers National Park, an Indian national park located in North Chamoli in the state of Uttarakhand, is known for its meadows of endemic alpine flowers and variety of flora. (1)_____ richly diverse area is also home (2)_____ rare and endangered animals, including the Asiatic black bear, snow leopard, musk deer, brown bear, red fox, and blue sheep. Birds (3)_____ in the park include the Himalayan monal pheasant and other (4)_____ altitude birds. At 3352 to 3658 meters above sea level, the gentle (5)_____ of the Valley of Flowers National Park complements the rugged mountain wilderness of Nanda Devi National Park to the east.

Select the most appropriate option to fill in blank No.5.

(A) shore
(B) scene
(C) landscape
(D) movement

Explanations

English Language (Basic Knowledge)

Q.1 · Answer (C) Panacea

A panacea is a cure for every ill or difficulty. Medicine, treatment and therapy are remedies for a particular illness.

Q.2 · Answer (A) Lair

A lair is a wild animal's den or resting place. A hutch is a box for rabbits, a kennel a shelter for a dog, and a cage holds a captive animal.

Q.3 · Answer (B) at the work

The set phrase is 'at work', without an article: 'We were busy at work and went for lunch only at 2.30 pm.'

Q.4 · Answer (C) No improvement

The underlined part is already correct: one shows a 'sign of' something, not a 'sign for' it, and 'no any' is not English.

Q.5 · Answer (C) This

'This' points back to the park just described ('This richly diverse area is also home to...'); 'that' would suggest something more distant, 'these' is plural, and 'which' cannot begin a statement.

Q.6 · Answer (C) to

A place is 'home to' the plants and animals that live there.

Q.7 · Answer (C) found

'Found' begins a shortened relative clause, 'birds (that are) found in the park'; 'are found' would give the sentence two main verbs.

Q.8 · Answer (B) high

'High-altitude birds' live far above sea level, as in this park at 3352 to 3658 metres.

Q.9 · Answer (C) landscape

The 'landscape' is the look of the land: the valley's gentle landscape is set against the rugged wilderness beside it.

Q.10 · Answer (D) BDAC

B tells how the king was captured, D that the priest decided to sacrifice him, A that the priest then noticed a missing finger ('however'), and C gives the outcome: BDAC.

Q.11 · Answer (A) assets

A sum in rupees fits the sector's 'assets', the value of what insurers hold: they can double their assets to 70 lakh crore rupees. Policies and reports are counted, not valued in rupees, and 'funding' is money supplied by others, not a measure of what the sector holds.

Q.12 · Answer (C) Systemetic

'Systemetic' is misspelt: the word is 'systematic'.

Q.13 · Answer (A) what that

'No matter what' takes no 'that': 'No matter what the mother did, the baby didn't stop crying.'

Q.14 · Answer (D) Supple

'Resilient' means able to spring back or recover after being bent or hurt; 'supple', bending easily without breaking, is the closest.

Q.15 · Answer (D) The research paper was written by Jiya with the help of her tutor.

The simple past 'wrote' becomes 'was written' in the passive: 'The research paper was written by Jiya with the help of her tutor.'

Q.16 · Answer (C) up
To 'bring up' a child is to raise and care for it: Madhuri is raising her sister's daughter.

Q.17 · Answer (A) Capricious
'Capricious' (given to sudden changes of mood) is spelt correctly. The others should be 'ecstasy', 'complacent' and 'avalanche'.

Q.18 · Answer (C) Happen
To 'occur' is to happen. 'Hinder' and 'hamper' mean to obstruct, and 'hasten' to hurry.

Q.19 · Answer (B) Resume duty
To be 'back in the saddle' is to return to one's work or position after a break: to resume duty.

Q.20 · Answer (C) Dishevelled
'Prim' means stiffly neat and proper; 'dishevelled', untidy in hair or dress, is its opposite.

Q.21 · Answer (C) Solve the problem
To 'cross that bridge when we come to it' is to deal with a problem when it actually arises rather than worry about it in advance; 'solve the problem' is the only option that fits.

Q.22 · Answer (C) Experts said, “Several steps are being taken to promote foreign trade as it constitutes 45% of the country’s economy”.
Turning reported speech back into direct speech restores the speaker's own tenses: 'were being taken' becomes 'are being taken' and 'constituted' becomes 'constitutes', after 'Experts said,'.

Q.23 · Answer (A) were airdropped for animals starving
After 'were' the passive needs the past participle, 'airdropped'; 'starving' describes animals that were going hungry during the fires.

Q.24 · Answer (A) DABC
D says deficiency is not caused by diet alone, A names the main cause, poor absorption, B draws the consequence for people with metabolic disorders, and C concludes ('Hence') that digestion and absorption matter: DABC.

Q.25 · Answer (C) Inhale
SSC's key gives 'Inhale', to breathe in, the everyday opposite of 'exhale', to breathe out. 'Inspire' can also mean to breathe in, but only in a technical (physiological) or old-fashioned sense, where its usual pair is 'expire'.

General Awareness

Q.1 · Answer (B) Andhra Pradesh
Dhimsa is a group dance of the tribal communities of the Araku Valley in Andhra Pradesh.

Q.2 · Answer (B) Calcium and argon
Isobars have the same mass number but different atomic numbers: calcium-40 has 20 protons and argon-40 has 18.

Q.3 · Answer (C) Telangana
The Nizam Sagar Dam, built across the Manjira river under the Nizam of Hyderabad, is in Telangana.

Q.4 · Answer (A) high level language
Python is a high-level, general-purpose programming language: its code is written in near-English statements, far from the machine's own instructions, and run by an interpreter.

Q.5 · Answer (B) Peter Handke
The Austrian writer Peter Handke received the Nobel Prize in Literature for 2019. Olga Tokarczuk, announced the same day in October 2019, received the postponed prize for 2018; Bob Dylan won in 2016 and Kazuo Ishiguro in 2017.

Q.6 · Answer (C) milk
The White Revolution is the rise in India's milk production through Operation Flood, led by Verghese Kurien from 1970.

Q.7 · Answer (C) 1930
The first Commonwealth Games, then called the British Empire Games, were held at Hamilton, Canada, in 1930.

Q.8 · Answer (A) ground water
Atal Bhujal Yojana, launched in December 2019 with World Bank support, is a scheme for community-led management of groundwater in water-stressed areas of seven states.

Q.9 · Answer (C) 953
The Hawa Mahal, built in 1799 under Maharaja Sawai Pratap Singh, has 953 small latticed windows (jharokhas) on its five-storey front.

Q.10 · Answer (D) Wrestling
K D Jadhav won a wrestling bronze at the 1952 Helsinki Olympics, independent India's first individual Olympic medal.

Q.11 · Answer (A) 1906
The All-India Muslim League was founded at Dhaka on 30 December 1906.

Q.12 · Answer (A) 14,500 km
The Inland Waterways Authority of India puts the country's navigable waterways, rivers, canals, backwaters and creeks, at about 14,500 km.

Q.13 · Answer (D) Sclerenchyma
Sclerenchyma cells have thick walls hardened with lignin and are usually dead at maturity, giving the plant strength, as in the coconut husk. Collenchyma walls are thickened with cellulose and pectin, not lignin.

Q.14 · Answer (C) Sri Lanka
In the World Breastfeeding Trends Initiative's (WBTi) ranking of 97 countries on their policies and programmes supporting breastfeeding, Sri Lanka came first, the first nation rated 'green'.

Q.15 · Answer (D) Atal Bihari Vajpayee
On 25 December 2019, Atal Bihari Vajpayee's birth anniversary, the tunnel under the Rohtang Pass was named the Atal Tunnel after him.

Q.16 · Answer (C) Toni-Ann Singh
Toni-Ann Singh of Jamaica was crowned Miss World 2019 in London in December 2019; India's Suman Rao was second runner-up. Vanessa Ponce de León won in 2018 and Manushi Chhillar in 2017.

Q.17 · Answer (B) an operating system
Linux is an open-source, Unix-like operating system built on the kernel Linus Torvalds released in 1991.

Q.18 · Answer (D) Karnataka
The Bankapura Peacock Sanctuary is near Shiggaon in the Haveri district of Karnataka.

Q.19 · Answer (D) 1517
Ibrahim Lodi succeeded his father Sikandar Lodi as Sultan of Delhi in 1517 and ruled until Babur defeated and killed him at Panipat in 1526.

Q.20 · Answer (A) 2015
The BBIN Motor Vehicles Agreement was signed by the transport ministers of Bangladesh, Bhutan, India and Nepal at Thimphu on 15 June 2015.

Q.21 · Answer (B) United Kingdom
Wisden Cricketers' Almanack, an annual first published in 1864, is published in the United Kingdom.

Q.22 · Answer (C) 1975
Prathama Grameen Bank, set up at Moradabad (Uttar Pradesh) on 2 October 1975, was India's first regional rural bank.

Q.23 · Answer (D) USSR
The Fundamental Duties, added as Article 51A by the 42nd Amendment in 1976, were modelled on the Constitution of the former USSR.

Q.24 · Answer (B) LIGO
The two LIGO detectors in the USA recorded the first gravitational waves, from a pair of merging black holes, on 14 September 2015.

Q.25 · Answer (A) 6 years or up to the age of 65 years, whichever is earlier.
The Chief Election Commissioner holds office for six years or until the age of 65, whichever comes first.
