Explanations

English Language (Basic Knowledge)

Q.1 · Answer (C) Completely disappear

To 'vanish into the air' (more often 'into thin air') is to disappear completely, leaving no trace.

Q.2 · Answer (D) Shanti asked me why I had kept that smartphone in the bin.

In reported speech the question becomes a statement ('why I had kept'), the simple past 'did you keep' moves back to the past perfect, 'you' becomes 'I' and 'this' becomes 'that'.

Q.3 · Answer (C) Defenition

The correct spelling is 'definition'.

Q.4 · Answer (C) A new version of Shakespeare's 'Macbeth' has been performed by the students.

The object 'a new version' becomes the singular subject, so the present perfect 'have performed' becomes 'has been performed', with 'by the students' at the end.

Q.5 · Answer (A) both

'Both ... and' joins the two groups, children and adults, who trust the internet.

Q.6 · Answer (A) source

The internet is a 'source' of information, the place it comes from.

Q.7 · Answer (D) access

To 'have access to' something is to be able to reach and use it.

Q.8 · Answer (D) interaction

Besides information, the internet gives children the chance to communicate with others: 'opportunity for interaction'.

Q.9 · Answer (D) unsupervised

The risks fall on a child left 'unsupervised', with no adult watching over what they do online.

Q.10 · Answer (A) provided that

Of a law, 'provided that' means 'laid down that': 'the Law provided that the owner could take possession of the goods at any time.'

Q.11 · Answer (A) Joyous

'Jovial' means cheerful and friendly: 'joyous'.

Q.12 · Answer (D) fracture

A broken bone is a 'fracture'; a wound, an infection or contamination is not a break in a bone.

Q.13 · Answer (D) Selective

A 'choosy' person is careful about what they choose: 'selective'.

Q.14 · Answer (D) explore

Someone with a passion for space science wants to 'explore' outer space, that is travel through it to learn about it.

Q.15 · Answer (D) Amateur

An 'amateur' does something without professional training or experience. A veteran, an expert and a proficient person are all skilled.

Q.16 · Answer (A) Clear

'Obscure' means unclear or hard to understand, so its opposite is 'clear'. 'Uncertain', 'ambiguous' and 'vague' are close to it in meaning.

Q.17 · Answer (D) CBDA
C introduces Tejaswini and her devotion, B says she went to the temple twice a day, and D and A describe the morning and evening visits in turn: CBDA.

Q.18 · Answer (A) BDCA
B introduces the mango tree, D describes its spreading branches ('Its' refers to the tree), C the leaves on them, and A brings in the crow 'one day': BDCA.

Q.19 · Answer (A) As long as
'As long as' means 'since' or 'so long as' here: 'As long as you are here with me, who cares about the outcome'. 'As of' means 'from' a time; 'so long' lacks its 'as', and 'as long to' is not an English phrase.

Q.21 · Answer (D) Show admiration
To 'take one's hat off to' someone is to show admiration or respect for them.

Q.22 · Answer (C) out in fear
An action done because of fear is done 'out of fear', not 'out in fear'.

Q.23 · Answer (A) Celestial
'Earthly' means belonging to this world; its opposite is 'celestial', belonging to the sky or heaven. 'Temporal' is close to 'earthly' in meaning.

Q.24 · Answer (D) Cardinal
'Cardinal' means of the greatest importance, as in 'a cardinal rule'. 'Supplementary' means extra, and 'scanty' and 'meagre' mean too little.

Q.25 · Answer (C) who have been paying back
SSC's key gives 'who have been paying back': 'who' refers to 'a man', so the verb must be singular, 'who has been paying back'. The first segment is also open to question, as the idiom is 'a man of his word', but the agreement error is the plain grammatical one.
