Explanations

English Language (Basic Knowledge)

Q.1 · Answer (C) Upset

To 'tame' is to bring under control or calm; 'upset', to disturb or agitate, works against it. 'Control' and 'restrain' are close in meaning to 'tame', and 'sanctify' means to make holy.

Q.2 · Answer (B) Wasting one's time for things that have already been satisfactorily done

'Reinventing the wheel' is wasting effort on making again something that already exists and works well.

Q.3 · Answer (B) Nakul asked her how she knew that Rahul had told that to him.

With the reporting verb in the past, 'do you know' becomes 'she knew' and 'has told' becomes 'had told'. A reported question is joined by its own question word ('how'), in statement order, with no 'that' before it.

Q.4 · Answer (A) Damage

To 'tarnish' is to dull a surface or spoil a reputation: to 'damage' it. 'Decorate' and 'heighten' are nearly opposite, and 'appease' means to calm or pacify.

Q.5 · Answer (A) happens

The blank needs a verb that takes no object, agreeing with 'forest fire': it 'happens', the verb the passage uses again in 'human-caused fire can happen'. 'Causes' and 'creates' would need an object (or the passive 'is caused'), and 'takes up' does not fit the sense.

Q.6 · Answer (C) caused

Natural fire is generally 'caused' by lightning, the passive matching 'naturally caused' in the first sentence.

Q.7 · Answer (B) contributed

A very small share of natural fires is 'contributed' (added) by spontaneous combustion; 'gathered', 'achieved' and 'attained' do not describe a cause.

Q.8 · Answer (C) On the other hand

'On the other hand' sets human-caused fire against the natural fire just described.

Q.9 · Answer (B) due to

'Due to' is a preposition and fits before the noun phrase 'any number of reasons'. 'Because' would need 'of', 'since' here needs a clause, and 'hence forth' (henceforth) means from now on.

Q.10 · Answer (D) Accomodate

The correct spelling is 'accommodate', with a double 'c' and a double 'm'.

Q.11 · Answer (D) Dilemma

A dilemma is a situation in which one must choose between two equally undesirable alternatives.

Q.13 · Answer (A) prejudice

'Prejudice' is an opinion formed without reason or knowledge, and it breeds suspicion and mistrust of others. 'Contentment', 'impartiality' and 'empathy' work the other way.

Q.14 · Answer (B) Refreshing

Something 'pleasant' is agreeable, like something 'refreshing'. 'Tedious', 'exasperating' and 'tiresome' are nearly opposite.

Q.15 · Answer (A) has no relevance

SSC's key gives the verb: the subject 'some of the issues' is plural, so it needs 'have no relevance', not 'has'. 'In the media' would be more usual than 'on the media', but the clear grammatical error is the verb.

Q.16 · Answer (B) DBCA

D brings him to the city, B has him ask a taxi driver to take him to the mall, C has him say he can pay only by card, and A gives the driver's response, driving off without him: DBCA.

Q.17 · Answer (A) ADBC
A introduces the pilgrim, D has him rest one night in a village on the way, B describes the villagers and C, opening with 'They', says what they offered him: ADBC.

Q.19 · Answer (C) Falling deeply in love with someone
To fall 'head over heels' (in love) is to fall deeply and suddenly in love with someone.

Q.20 · Answer (D) attention
Children need care and 'attention' from their parents to grow emotionally strong; 'compromise', 'suspicion' and 'reflection' do not fit the sense.

Q.21 · Answer (C) All the programmes can be performed perfectly well by this android.
A modal passive is modal + 'be' + past participle, and the tense stays the same: 'can perform' becomes 'can be performed'.

Q.22 · Answer (D) Contemporary
A contemporary is a person living or active at the same time as another. A confidant is a person one confides in.

Q.23 · Answer (D) Concede
To 'dispute' a claim is to argue against it; to 'concede' it is to accept that it is true. 'Quarrel' is close in meaning to 'dispute', and 'impute' means to attribute.

Q.24 · Answer (B) for its behaviour
The pronoun must agree with the plural 'cats': 'for their behaviour'.

Q.25 · Answer (A) as high as
A comparison of equality takes 'as ... as': 'raised him as high as a kite'.
