Explanations

English Language (Basic Knowledge)

Q.1 · Answer (A) Poverty

'Penury' means extreme poverty.

Q.2 · Answer (D) Menifestation

The correct spelling is 'Manifestation', with an 'a' after the 'M'.

Q.3 · Answer (B) The manager was referring about

'Refer' takes the preposition 'to', not 'about': 'The manager was referring to the previous instances of loss'.

Q.4 · Answer (A) location

After an hour's search they could not find 'the location', the place they were looking for. 'Whereabouts' is normally tied to someone or something ('his whereabouts', 'the whereabouts of the shop').

Q.5 · Answer (B) creativity

The definition lists what an artist brings to the work, 'creativity', skill and imagination, and the passage ends by pairing imagination with creativity again. 'Intoxication' and 'destruction' make no sense, and 'emotion' would clash with 'emotionally' later in the sentence.

Q.6 · Answer (B) comforting

'Emotionally' needs an adjective describing the work's effect on the viewer: 'emotionally comforting'. 'Creative', 'imaginative' and 'tempting' do not go with it.

Q.8 · Answer (C) particularly

'Particularly if' means especially if: any skill can be an art, and all the more so when it is done with imagination and creativity.

Q.9 · Answer (D) imagination

'Imagination and creativity' echoes the definition the passage opens with; one 'exercises' imagination, not a dream, hope or desire.

Q.10 · Answer (D) Something which can neither be categorized easily nor be accepted befittingly

'Neither fish nor fowl' describes something that belongs to no clear category, so it is hard to classify or to fit in anywhere.

Q.11 · Answer (D) One of the reason

'One of' is followed by a plural noun: 'One of the reasons behind malnutrition is ...'.

Q.12 · Answer (A) Deserving

'Unworthy' means not deserving (of respect, praise or the like), so its opposite is 'deserving'. 'Trustworthy' is the opposite of 'untrustworthy'.

Q.13 · Answer (C) So long as

SSC's key gives 'So long as', a form of 'as long as' (for as long as, provided that), which repairs the 'to' in the phrase and keeps its sense: the construction stays deferred while there is no funding. 'In as much as' (since) would also make a grammatical sentence, but it turns the condition into a reason.

Q.14 · Answer (D) The lion asked the lioness where she would hide herself, until he returned.

The question becomes a clause in statement order, 'where she would hide herself': 'will' moves back to 'would', 'you' and 'yourself' become 'she' and 'herself', and 'I return' becomes 'he returned'.

Q.15 · Answer (D) Celebration

'Festivity' means joyful celebration.

Q.16 · Answer (C) The case had already been proved by the Inspector before the investigation team took charge of it.

The past perfect 'had proved' becomes 'had been proved' in the passive: 'The case had already been proved by the Inspector before ...'.

Q.17 · Answer (B) DBAC

D has Shweta fall unconscious, B has her friends think her dead and set her adrift in a boat, A takes the boat to the other bank and C has people there save her: DBAC.

Q.18 · Answer (B) CDAB

C introduces Poonam, the class teacher; D says three of her students studied with her; A brings in their classmate Koushal, who hardly studied; B says what he did instead: CDAB.

Q.20 · Answer (A) Geologist

A geologist studies the structure of the earth, its rocks and their history. A geographer studies the earth's surface and places, and a gemologist gemstones.

Q.21 · Answer (A) Confused and dazed

To be 'in a fog' is to be confused and unable to think clearly.

Q.22 · Answer (B) as much as

The sentence compares how much she likes the two games, so it needs 'as much as': 'Prithvi likes baseball as much as she likes cricket.' 'As long as' is about time or a condition, and 'as many as' goes with countable nouns.

Q.23 · Answer (D) bang

A 'bang' is a sudden loud noise, the sound of a falling wall. A hiss, a screech and a murmur are quite different sounds.

Q.24 · Answer (D) Hibernation

Hibernation is the sleep-like state in which some animals pass the winter. Somnambulism is sleepwalking.

Q.25 · Answer (B) Amateur

A maestro is a master of an art, especially music; an amateur does something without professional skill. A connoisseur is an expert judge of something.

General Awareness

Q.1 · Answer (B) 260.5 m

Q.2 · Answer (A) Sikkim

Saga Dawa, a major Buddhist festival of Sikkim, falls on the full moon of the fourth lunar month and marks the Buddha's birth, enlightenment and parinirvana.

Q.3 · Answer (D) 10.8

SSC's key gives 10.8, the figure NCERT's Class 9 science textbook uses for silver in its worked example on relative density (density of silver = 10.8×10^3 kg/m^3). Reference tables give about 10.5 for pure silver (10.49 g/cm^3), which is not among the options; the key follows the textbook figure.
