Explanations

English Language (Basic Knowledge)

Q.1 · Answer (C) In spite of any obstacles

'Come hell or high water' means whatever happens: no difficulty or obstacle will stop the person.

Q.2 · Answer (C) Permanant

The correct spelling is 'permanent', ending in '-ent'.

Q.3 · Answer (D) Incoherent

'Incoherent' describes speech or writing that is unclear and confusing. 'Eccentric' means odd, 'inaudible' too quiet to be heard and 'gullible' easily fooled.

Q.4 · Answer (D) Rama told me that she needed my help for her new assignment.

'Said to' becomes 'told', the present 'need' moves back to 'needed', and the pronouns change: 'your help' becomes 'my help' and 'my new assignment' 'her new assignment'.

Q.5 · Answer (C) about

SSC's key gives 'about'. 'Obsessed' usually takes 'with', which is not among the options, but 'obsessed about' is also used (like the verb 'obsess about'); 'of', 'in' and 'to' do not go with it.

Q.6 · Answer (C) significantly

'Significantly' (by a large amount) can qualify the comparative 'higher'; 'completely', 'fully' and 'largely' do not go with a comparative.

Q.7 · Answer (C) as high as

The 'as ... as' comparison takes the plain form, so 'as higher as' and 'as better as' are wrong, and one scores 'high' (or 'well'), not 'good': 'score as high as possible'.

Q.8 · Answer (C) performance

'Academic performance', the phrase used earlier in the passage, is what such parents believe guarantees a successful career.

Q.9 · Answer (A) himself

The reflexive 'himself' stresses 'Einstein', one man: 'Einstein himself was a rebel'. 'Oneself', 'themselves' and 'itself' do not agree with him.

Q.10 · Answer (A) instant

The blank sits between 'an' and the noun 'liking', so it needs an adjective: 'an instant liking', one formed at once. 'Instantly' is an adverb and 'instance' a noun.

Q.11 · Answer (D) Vulnerable

'Invincible' means too strong to be defeated; its opposite is 'vulnerable', open to attack or harm. 'Unstoppable' and 'supreme' are close to it in meaning.

Q.12 · Answer (B) Permit

SSC's key gives 'permit': to 'deport' is to send someone out of a country, and to permit someone to enter or stay comes nearest to the opposite. 'Expel' means much the same as 'deport', and 'transport' and 'conduct' mean to carry and to lead.

Q.13 · Answer (B) came to know

The rest of the sentence is in the past ('was declared', 'knew'), so the simple past 'came to know' is needed.

Q.14 · Answer (B) Insulated

'Insulated' means covered with a material that stops heat, sound or electricity from passing. 'Hydrated' means supplied with water and 'calibrated' adjusted or marked for measuring.

Q.15 · Answer (A) precarious
'Precarious' means dangerous and uncertain; 'even though' sets that danger against the decision not to give up. 'Pleasant', 'permissive' and 'plausible' do not fit the contrast.

Q.16 · Answer (D) jobs to the youth
Jobs are created 'for' people, not 'to' them: 'needs to create jobs for the youth'.

Q.17 · Answer (D) CDAB
C gives the background (Ram Parshad went out at the same time every evening), D says the narrator followed him one day, A says where he went, and B ends with him looking round and darting away: CDAB.

Q.18 · Answer (C) No improvement
'A lot of' is the correct phrase for a large amount, so no change is needed. 'Allot' is a verb meaning to assign, and the phrase takes 'a' and no '-s'.

Q.19 · Answer (C) On the occasion of Ambedkar Jayanti a speech will be delivered by Savita.
The future 'will deliver' becomes 'will be delivered' in the passive, with the object 'a speech' as the subject: 'a speech will be delivered by Savita'.

Q.21 · Answer (B) Berate
To 'reproach' is to express disapproval of someone: 'berate', to scold angrily, is closest. 'Indulge', 'supervise' and 'train' are unrelated.

Q.22 · Answer (C) DBAC
D introduces the problem (air pollution harms skin and hair), B gives the first precaution ('Therefore ... wear full sleeved clothes'), A adds another ('also wear a hat'), and C sums up 'all the above precautions': DBAC.

Q.23 · Answer (D) Lethargy
'Idleness' is a lack of activity or effort: 'lethargy'. 'Energy' and 'industry' (hard work) are its opposites.

Q.24 · Answer (C) I do not want to go
'Declined' and 'had' put the sentence in the past, so the middle clause must be too: 'not because I did not want to go'.

Q.25 · Answer (A) Forbidden
'Out of bounds' describes a place people are not allowed to enter: 'forbidden'.
