Explanations

English Language

Q.1 · Answer (B) Cunning

'Deception' is the tricking of others; 'cunning', skill at deceit, is the nearest in meaning.

Q.2 · Answer (D) Serious

'Frivolous' means not serious, light-minded; its opposite is 'serious'.

Q.3 · Answer (B) Do not exasperate Harsha

SSC's key gives 'Do not exasperate Harsha': only 'exasperate' (to irritate greatly) keeps the sense of 'provoke', while to vacillate, hesitate or equivocate is to waver or be evasive, which does not fit. The sentence as printed is already correct, and there is no 'no improvement' option.

An action that began in the past and is still going on, with 'for' and a period, takes the present perfect continuous: 'We have been waiting for the minister for the last two hours.'

The simple present 'love' becomes 'are loved': 'Students are loved by their teachers.'

In the others the second number is the cube of half of one more than the first: 9 → 5^3 = 125, 13 → 7^3 = 343 and 7 → 4^3 = 64. For 11 this gives 6^3 = 216, not 49.
