SSC GD Constable 2022 question paper with answers

1 February 2023 · Shift 3

68 questions as the Staff Selection Commission (SSC) printed them · answers from the official key · marking: +2 for a right answer, –0.50 for a wrong one

The other 12 of the paper's 80 questions are not reproduced: they need a figure or are printed as an image, or ask about formatting the source does not keep.

Try every question first: the answer key and the explanations follow the questions. Official answer-key notice: https://web.archive.org/web/20230219070003/https://ssc.nic.in/SSCFileServer/PortalManagement/UploadedFiles/Write_up_Constable_GD_2022_18022023.pdf

Part-A-General Intelligence and Reasoning 16 questions

Q.2

Which option represents the correct order of the given words as they would appear in the English dictionary? 1 riddle 2 river 3 rightful 4 ring 5 risk

(A) 1,3,4,5,2
(B) 1,2,3,4,5
(C) 1,3,2,4,5
(D) 1,2,4,5,3

Q.3

In a certain code language, ‘EXAM’ is written as ‘625214’ and ‘TEST’ is written as ‘2162021’. How will ‘ASSESSMENT’ be written in that language?

(A) 22020620201465121
(B) 22020620201461512
(C) 22020602201461521
(D) 22020620201461521

Q.4

Six family members Viraaj, Deepu, Noor, Prince, Suman and Taran are sitting around a circular table facing the centre. Viraaj is sitting to the immediate right of Noor. Prince is an immediate neighbour of both Viraaj and Deepu. Suman is sitting third to the right of Viraaj. Noor is sitting second to the left of Prince. Who is the immediate neighbour of Deepu and Viraaj?

(A) Suman
(B) Prince
(C) Taran
(D) Noor

Q.5

In a certain code language, FATHER is written as ‘IFWMHW’, and SISTER is written as ‘VNVYHW’. How will ‘UNCLE’ be written in the same code language?

(A) XSHQI
(B) XTGRH
(C) XSFQH
(D) XSGQH

Q.6

Six students are sitting around a circular table facing the centre. Brianna is sitting second to the right of Mark. Felix is sitting second to the left of Mark. Ann is the immediate neighbour of Brianna and Felix. James is sitting third to the left of Brianna. Afreen is sitting second to the right of James. Who is sitting between Afreen and Ann?

(A) Mark
(B) James
(C) Brianna
(D) Felix

Q.7

Which two numbers(not digits) should be interchanged in the following equation to make it correct? 56 ÷ 16 × 8 + 45 × 13 = 697

(A) 8 and 13
(B) 16 and 8
(C) 16 and 45
(D) 8 and 45

Q.9

Which two signs should be interchanged to make the below equation mathematically correct? 24 – 36 × 5 + 108 ÷ 18 = 18

(A) ÷ and –
(B) – and +
(C) + and ×
(D) + and ÷

Q.11

Which of the following numbers will replace the question mark and complete the given number series? 125, 88, 63, 46, ?

(A) 35
(B) 33
(C) 38
(D) 37

Q.12

Select the letter-cluster from among the given options that can replace the question mark (?) in the following series. GSLC, AMOF, UGRI, ? , IUXO

(A) OULC
(B) DPGE
(C) DSTN
(D) OAUL

Q.13

Which of the following terms will replace the question mark (?) in the given series? ?, LSEO, NRDN, PQCM, RPBL

(A) PFJO
(B) FPJI
(C) TFPJ
(D) JTFP

Q.15

In a certain code language, 'A + B' means 'A is the sister of B', 'A – B' means 'A is the father of B' and 'A x B' means 'A is the brother of B'. How is R related to S if Q + R – P x N – S?

(A) Father
(B) Father's father
(C) Father's brother
(D) Brother

Q.16

In this question, three statements are given, followed by two conclusions numbered I and II. Assuming the statements to be true, even if they seem to be at variance with commonly known facts, decide which of the conclusions logically follows/follow from the statements. Statements: All mobiles are computers. Some computers are furniture. Some furniture are tables. Conclusions: I. Some tables are computers. II. Some mobiles are furniture.

(A) Both conclusions I and II follow.
(B) Only conclusion I follows.
(C) Neither conclusion I nor II follows.
(D) Only conclusion II follows.

Q.17

Select the option that is related to the fifth letter-cluster in the same way as the second letter-cluster is related to the first letter-cluster and the fourth letter-cluster is related to the third letter-cluster. TIDE: RRAU :: REST : PVPF :: GAME : ?

(A) EZJU
(B) HBNF
(C) ICOG
(D) TZNN

Q.18

Select the option that is related to the third word in the same way as the second word is related to the first word. (The words must be considered as meaningful English words and must not be related to each other based on the number of letters/number of consonants/vowels in the word) Education : Teacher :: Treatment : ?

(A) Hospital
(B) Labour
(C) Medicine
(D) Doctor

Q.19

Which of the following numbers will replace the question mark (?) in the given series? 5, 31, 161, 811, ?

(A) 4500
(B) 4825
(C) 4444
(D) 4061

Q.20

Select the set in which the numbers are related in the same way as are the numbers of the following set. (NOTE : Operations should be performed on the whole numbers, without breaking down the numbers into its constituent digits. E.g. 13 – Operations on 13 such as adding /subtracting/multiplying etc. to 13 can be performed. Breaking down 13 into 1 and 3 and then performing mathematical operations on 1 and 3 is NOT allowed) (25, 280, 45) (18, 192, 30)

(A) (12, 156, 24)
(B) (14, 192, 24)
(C) (12, 148, 25)
(D) (13, 168, 54)

Part-B-General Knowledge and General awareness 20 questions

Q.1

"to defend the country and render national service when called upon to do so" is stated under_____.

(A) Preamble of the Constitution
(B) Directive Principles
(C) Fundamental Duties
(D) Fundamental Rights

Q.2

On the banks of which river was the war between Harshavardhana and Pulakeshin II fought?

(A) Narmada
(B) Krishna
(C) Godavari
(D) Ganga

Q.3

In shot put, the shot which is a metal ball weighs how many kg for men and women?

(A) Men-7.5 kg Women-4.5kg
(B) Men-7.3 kg Women-4.5kg
(C) Men-7kg Women-4kg
(D) Men-7.26 kg Women-4kg

Q.4

How many pathways are constructed as independently organized conducting tubes in plants?

(A) two
(B) four
(C) five
(D) one

Q.5

The tenure of the UPSC members is .

(A) 6 years or age of 65 whichever is earlier
(B) 6 years or age of 62 years
(C) 5 years or age of 65 years
(D) 4 years or age of 62 years

Q.6
The ultimate goal of Mission Indradhanush is to ensure full immunization with all available vaccines for children up to _____ years of age.

(A) three
(B) two
(C) eight
(D) five

Q.7
What was the term of 10th Five Year Plan?

(A) 2002-2007
(B) 2007-2012
(C) 2005-2010
(D) 2004-2009

Q.8
Who among the following inaugurated 2-day PM Kisan Samman Sammelan of India in October 2022?

(A) Nirmala Sitharaman
(B) Amit Shah
(C) Narendra Modi
(D) Rajnath Singh

Q.9
In India, in relation to Census, what is the full form of NPR?

(A) National People Register
(B) National Population Record
(C) National Population Register
(D) National People Record

Q.10
Which sector runs nearly 60 percent of dispensaries in India?

(A) Cooperative sector
(B) Private Sector
(C) Joint Sector
(D) Public Sector

Q.11
Saga Dawa is primarily celebrated by which of the following communities of India in Sikkim?

(A) Sikhs
(B) Hindus
(C) Buddhists
(D) Jains

Q.12
Microfinance is a _____ service.

(A) financial
(B) production
(C) software production
(D) waste management

Q.13
Bihu is the popular dance form of which of the following states?

(A) Tamil Nadu
(B) Telangana
(C) Kerala
(D) Assam

Q.14
The Hindustan Socialist Republican Association (HSRA) was founded at _____ in Delhi.

(A) Ferozeshah Kotla
(B) Mughal Garden
(C) Red Fort
(D) Safdarjung Tomb

Q.15
Who is the new Managing Director of the National Bank for Financing Infrastructure and Development (NaBFID) effective August 8, 2022?

(A) Sumita Dawra
(B) Rajkiran Rai
(C) Arun Kumar Singh
(D) Pankaj Jain

Q.16
In India, the Green Revolution increased the production of which of the following?

(A) Eggs
(B) Wheat
(C) Cotton
(D) Coal

Q.17
Which among the following elements behaves like alkali metals as well as halogens in its properties?

(A) Neon
(B) Helium
(C) Hydrogen
(D) Lithium

Q.18
In which year the Asian Games were held for the second time in India?

(A) 1941
(B) 2015
(C) 1982
(D) 1978

Q.19
What is used to measure the magnitude of an earthquake?

(A) Anemometer
(B) Pressure sensors
(C) Gravimeter
(D) Richter Scale

Q.20
Who won the Sangeet Natak Akademi Award in Manipuri in 2018?

(A) Radha Sridhar
(B) Pasumurthy Ramalinga Sastry
(C) Madambi Subramanian Namboodiri
(D) Akham Lakshmi Devi

Part-C-Elementary Mathematics 13 questions

Q.1
The ratio of two numbers is 4 : 5 and their HCF is 6. Their LCM is:

(A) 120
(B) 88
(C) 168
(D) 72

Q.2
A toy is bought for Rs.950 and sold at Rs.1140. Find the gain percentage.

(A) 16%
(B) 21%
(C) 20%
(D) 19%

Q.5
Reeta can do a piece of work in 14 days and Geeta can do the same work in 21 days. How many days Reeta and Geeta take together to complete the same work?

(A) 8.4
(B) 6.4
(C) 8.8
(D) 6.8

Q.6
Find the greatest number which on dividing 1780 and 2452 leaves the remainder 4 in each case.

(A) 48
(B) 52
(C) 16
(D) 24

Q.9

The total surface area of a cuboid is 4200 cm^2 . If the length and breadth of the cuboid are 15 cm and16 cm, then find the height of the cuboid.

(A) 3720 cm
(B) 62 cm
(C) 60 cm
(D) 70 cm

Q.10

Sumati travelled from point A to point B at 475 m/min. The moment that Sumati reached point B, Rachna set off from point B, at a speed 1.6 times the speed at which Sumati travelled and reached point C. If the total distance covered from A to C through B was 45.6 km and the time taken from when Sumati started from point A to when Rachna reached point C was 75 minutes, what is the distance between A and B?

(A) 19 km
(B) 20 km
(C) 18 km
(D) 17 km

Q.12

In a golf club, 90% of members are men and the remaining are women. The average height of men is 170 cm and the average height of women is 165 cm. Find the average height of the club members.

(A) 168.5
(B) 167.5
(C) 170.5
(D) 169.5

Q.13

A can do a piece of work in 18 days. B can do this work in 24 days. A started the work alone. After how many days should B join him, so that the work is finished in 15 days?

(A) 11 days
(B) 19 days
(C) 13 days
(D) 14 days

Q.14

Find the distance covered by a car moving at a speed of 48 km/h for 3 hours 15 minutes.

(A) 156 km
(B) 165 km
(C) 145 km
(D) 154 km

Q.16

After giving a discount of 25 percent, selling price of an article becomes Rs. 9510. What is the marked price of the article?

(A) Rs. 11640
(B) Rs. 10200
(C) Rs. 12680
(D) Rs. 10850

Q.18

The average marks in geography exam of a class of 25 students are 64. If the marks of three students were misread as 44, 46 and 61 in lieu of the actual marks 54, 64 and 67 respectively, then find the correct average.

(A) 65.45
(B) 65.36
(C) 64.55
(D) 64.54

Q.19

What will be the difference in the compound interest if a sum of Rs.12,000 is compounded annually and half-yearly at an annual rate of 10% for a period of 2 years? Note :Round off the decimal to the nearest number.

(A) Rs.66
(B) Rs.196
(C) Rs.166
(D) Rs.46

Q.20

Teena spends 30% of her salary on food, 30% of the rest on fuel and saves the remaining Rs.4,900. What is Teena's salary?

(A) Rs.6,000
(B) Rs.12,000
(C) Rs.8,000
(D) Rs.10,000

Part-D-English 19 questions

Q.1

Select the most appropriate ANTONYM of the word given in brackets to fill in the blank. The company of friends made her feel _____ (cranky), as she was all alone in her apartment.

(A) awful
(B) wishful
(C) cheerful
(D) fearful

Q.2

Select the most appropriate synonym of the given word. Fascinating

(A) Interesting
(B) Dominating
(C) Revolting
(D) Intimidating

Q.3

Select the most appropriate ANTONYM of the given word. Symbolise

(A) Hide
(B) Link
(C) Slide
(D) Align

Q.4

Select the INCORRECTLY spelt word.

(A) Coherent
(B) Frekquent
(C) Collide
(D) Ferocious

Q.5

Select the most appropriate meaning of the given idiom. Silver tongue

(A) Speaking to annoy people
(B) Speaking to bore people
(C) Speaking with an eloquent expression to convince people
(D) Speaking to discourage people

Q.6

The given sentence is divided into three segments. Select the option that has the segment with a grammatical error. If there is no error, select 'no error' as your answer. She have / left by the time / I reach home.

(A) I reach home
(B) left by the time
(C) She have
(D) No error

Q.7

Select the most appropriate synonym of the given word. Splendid

(A) Stationary
(B) Authentic
(C) Spectacular
(D) Enticing

Q.9

Select the most appropriate meaning of the given idiom. Public enemy number one

(A) A person who always smiles

(B) Someone who is the greatest threat to a group or community

(C) The opposition party leader

(D) One who helps the poor

Q.10

Select the word segment that substitutes (replaces) the bracketed word segment correctly and completes the sentence meaningfully: Shakespeare was both a dramatist (better than) a poet.

(A) when not

(B) as well as

(C) or

(D) and

Q.11

Select the most appropriate option that can substitute the underlined segment in the given sentence. I “am been working here” for the past ten years.

(A) have been working here

(B) is been working here

(C) was been working here

(D) having been working here

Q.12

Select the most appropriate ANTONYM of the given word. Dignify

(A) Condemn

(B) Adorn

(C) Oblige

(D) Cure

Q.13

Select the most appropriate homophone to substitute the underlined word in the given sentence. These ornaments are “coated with gold”.

(A) gilled

(B) gel

(C) gild

(D) guild

Q.14

Select the most appropriate option to substitute the underlined segment in the given sentence to make it a meaningful sentence. If no substitution is required, select ‘No substitution’. One must “not only have the ability to read voraciously but have” the necessary training in comprehending and remembering all the relevant details.

(A) not only have the ability for read voraciously but also have

(B) not only have the ability to read voraciously but also had

(C) No substitution

(D) not only have the ability to read voraciously but also have

Q.15

Select the most appropriate option to fill in the blank. Scientists are able to quickly _____ the outbreak through a new immunisation.

(A) quench

(B) scatter

(C) quest

(D) quash

Q.16

In the following passage, some words have been deleted. Read the passage carefully and select the most appropriate option to fill in each blank. The ability to think clearly and calmly while addressing an 1. _____ is neither inborn nor difficult to develop. The presence of an audience should act as a stimulus and not as a 2. _____ to thought. Audience fright can be overcome through training and practice. Even great speakers 3. _____ stage fright and self-consciousness. Every speaker gets worked up and experiences strain, shock, and excitement before he or she begins to talk. But every speaker who is struggling to gain 4. _____ should remember that all meritorious public speaking is accompanied by a little 5. _____.

Select the most appropriate option to fill in blank no. 1.

(A) audience
(B) adult
(C) accomplice
(D) association

Q.17

In the following passage, some words have been deleted. Read the passage carefully and select the most appropriate option to fill in each blank. The ability to think clearly and calmly while addressing an 1. _____ is neither inborn nor difficult to develop. The presence of an audience should act as a stimulus and not as a 2. _____ to thought. Audience fright can be overcome through training and practice. Even great speakers 3. _____ stage fright and self-consciousness. Every speaker gets worked up and experiences strain, shock, and excitement before he or she begins to talk. But every speaker who is struggling to gain 4. _____ should remember that all meritorious public speaking is accompanied by a little 5. _____.

Select the most appropriate option to fill in blank no. 2.

(A) hindrance
(B) briefing
(C) catch
(D) choice

Q.18

In the following passage, some words have been deleted. Read the passage carefully and select the most appropriate option to fill in each blank. The ability to think clearly and calmly while addressing an 1. _____ is neither inborn nor difficult to develop. The presence of an audience should act as a stimulus and not as a 2. _____ to thought. Audience fright can be overcome through training and practice. Even great speakers 3. _____ stage fright and self-consciousness. Every speaker gets worked up and experiences strain, shock, and excitement before he or she begins to talk. But every speaker who is struggling to gain 4. _____ should remember that all meritorious public speaking is accompanied by a little 5. _____.

Select the most appropriate option to fill in blank no. 3.

(A) experience
(B) accorded
(C) keened
(D) saved

Q.19

In the following passage, some words have been deleted. Read the passage carefully and select the most appropriate option to fill in each blank. The ability to think clearly and calmly while addressing an 1. _____ is neither inborn nor difficult to develop. The presence of an audience should act as a stimulus and not as a 2. _____ to thought. Audience fright can be overcome through training and practice. Even great speakers 3. _____ stage fright and self-consciousness. Every speaker gets worked up and experiences strain, shock, and excitement before he or she begins to talk. But every speaker who is struggling to gain 4. _____ should remember that all meritorious public speaking is accompanied by a little 5. _____.

Select the most appropriate option to fill in blank no. 4.

(A) merit
(B) profit
(C) money
(D) confidence

Q.20

In the following passage, some words have been deleted. Read the passage carefully and select the most appropriate option to fill in each blank. The ability to think clearly and calmly while addressing an 1. _____ is neither inborn nor difficult to develop. The presence of an audience should act as a stimulus and not as a 2. _____ to thought. Audience fright can be overcome through training and practice. Even great speakers 3. _____ stage fright and self-consciousness. Every speaker gets worked up and experiences strain, shock, and excitement before he or she begins to talk. But every speaker who is struggling to gain 4. _____ should remember that all meritorious public speaking is accompanied by a little 5. _____.

Select the most appropriate option to fill in blank no. 5.

(A) childishness

(B) happiness

(C) nervousness

(D) trick

Q.20 **(C)**					

Explanations

Part-A-General Intelligence and Reasoning

Q.2 · Answer (A) 1,3,4,5,2

All five begin 'ri', so the third letters decide: riddle (d), rightful (g), ring (n), risk (s), river (v): 1, 3, 4, 5, 2.

Q.3 · Answer (D) 22020620201461521

Each letter is written as its place in the alphabet plus one: EXAM → 6, 25, 2, 14 and TEST → 21, 6, 20, 21. So ASSESSMENT → 2, 20, 20, 6, 20, 20, 14, 6, 15, 21: 22020620201461521.

Q.4 · Answer (B) Prince

Facing the centre, right is anticlockwise. Viraaj is on Noor's right, and Noor, second to the left of Prince, puts Prince next to Viraaj on the side away from Noor, with Deepu beyond Prince. Suman, third to the right of Viraaj, sits opposite him, and Taran between Suman and Noor. So Prince sits between Deepu and Viraaj.

Q.5 · Answer (C) XSFQH

The letters move +3 and +5 in turn: FATHER → IFWMHW and SISTER → VNVYHW. So UNCLE → X S F Q H: XSFQH.

Q.6 · Answer (C) Brianna

Facing the centre, left is clockwise. Brianna and Felix sit second to the right and second to the left of Mark, with Ann between them, opposite Mark. James, third to the left of Brianna, is next to Mark on Felix's side, and Afreen, second to the right of James, takes the seat between Mark and Brianna. Clockwise: Mark, James, Felix, Ann, Brianna, Afreen, so Brianna sits between Afreen and Ann.

Q.7 · Answer (B) 16 and 8

After interchanging 16 and 8: 56 ÷ 8 × 16 + 45 × 13 = 7 × 16 + 585 = 112 + 585 = 697.

Q.9 · Answer (C) + and ×

After interchanging + and ×: 24 − 36 + 5 × 108 ÷ 18 = 24 − 36 + 5 × 6 = 24 − 36 + 30 = 18.

Q.11 · Answer (B) 33

The differences are −37, −25 and −17, which shrink by 12 and then 8; shrinking next by 4, the difference is −13: 46 − 13 = 33.

Q.12 · Answer (D) OAUL

The first two letters move back 6 (G, A, U, O, I and S, M, G, A, U, wrapping round after A) and the last two forward 3 (L, O, R, U, X and C, F, I, L, O). The missing cluster is OAUL.

Q.13 · Answer (D) JTFP

From term to term the first letter moves +2 (J, L, N, P, R) and the other three −1 (T, S, R, Q, P; F, E, D, C, B; P, O, N, M, L). So the first term is JTFP.

Q.15 · Answer (B) Father's father

Q + R: Q is R's sister; R − P: R is P's father; P x N: P is N's brother, so N is also R's child; N − S: N is S's father. So R is S's father's father.

Q.16 · Answer (C) Neither conclusion I nor II follows.

Some computers are furniture and some furniture are tables, but the tables may all lie outside the computers, so I does not follow; the computers that are furniture need not include any mobiles, so II does not follow either.

Q.17 · Answer (A) EZJU

The first letter moves back 2 and the third back 3; the second becomes its opposite letter (A↔Z, B↔Y and so on) and the fourth the letter before its opposite: TIDE → RRAU and REST → PVPF. So GAME → E Z J U: EZJU.

Q.18 · Answer (D) Doctor

A teacher gives education, as a doctor gives treatment.

Q.19 · Answer (D) 4061

Each term is five times the one before plus 6: 5 × 5 + 6 = 31, 31 × 5 + 6 = 161 and 161 × 5 + 6 = 811, so 811 × 5 + 6 = 4061.

Q.20 · Answer (C) (12, 148, 25)

The middle number is four times the sum of the other two: (25 + 45) × 4 = 280 and (18 + 30) × 4 = 192. Likewise (12 + 25) × 4 = 148; the other sets would need 144, 152 and 268.

Part-B-General Knowledge and General awareness

Q.1 · Answer (C) Fundamental Duties

Article 51A(d), one of the Fundamental Duties added by the 42nd Amendment (1976), asks every citizen to defend the country and render national service when called upon to do so.

Q.2 · Answer (A) Narmada

The Chalukya king Pulakeshin II stopped Harshavardhana's advance into the Deccan in a battle on the banks of the Narmada, recorded in the Aihole inscription.

Q.3 · Answer (D) Men-7.26 kg Women-4kg

The men's shot weighs 7.26 kg (16 lb) and the women's 4 kg.

Q.4 · Answer (A) two

Plants have two such pathways: the xylem, which carries water and minerals up from the roots, and the phloem, which carries the products of photosynthesis from the leaves to other parts of the plant.

Q.5 · Answer (A) 6 years or age of 65 whichever is earlier

Under Article 316(2), a member of the UPSC holds office for six years or until the age of 65, whichever comes first.

Q.6 · Answer (B) two

Mission Indradhanush, launched in December 2014, aims at full immunisation with all available vaccines for children up to two years of age and for pregnant women.

Q.7 · Answer (A) 2002-2007

The Tenth Five-Year Plan ran from 2002 to 2007; the Eleventh followed, from 2007 to 2012.

Q.8 · Answer (C) Narendra Modi

Prime Minister Narendra Modi inaugurated the two-day PM Kisan Samman Sammelan at the IARI campus, Pusa, New Delhi, on 17 October 2022, and released the twelfth instalment of PM-KISAN there.

Q.9 · Answer (C) National Population Register

NPR is the National Population Register, a register of the usual residents of the country, prepared under the Citizenship Act, 1955 and its 2003 rules; it was first compiled in 2010 with the house-listing phase of Census 2011.

Q.10 · Answer (B) Private Sector

SSC's key gives the private sector. NCERT's Class 11 economics text on infrastructure notes that the private sector runs more than 70 per cent of India's hospitals and nearly 60 per cent of its dispensaries.

Q.11 · Answer (C) Buddhists

Saga Dawa, the holiest month of the Tibetan Buddhist calendar, is celebrated by Buddhists in Sikkim to mark the Buddha's birth, enlightenment and parinirvana.

Q.12 · Answer (A) financial

Microfinance is a financial service: small loans, savings, insurance and the like for low-income people who lack access to ordinary banking.

Q.13 · Answer (D) Assam

Bihu, danced at the Bihu festivals, especially Rongali Bihu in April, is the folk dance of Assam.

Q.14 · Answer (A) Ferozeshah Kotla
The Hindustan Socialist Republican Association was founded at a meeting of revolutionaries in the ruins of Feroz Shah Kotla, Delhi, in September 1928, when Bhagat Singh and his comrades added 'Socialist' to the name of the older Hindustan Republican Association.

Q.15 · Answer (B) Rajkiran Rai
Rajkiran Rai G, MD and CEO of Union Bank of India until May 2022, took charge as Managing Director of NaBFID, the development finance institution for infrastructure, on 8 August 2022.

Q.16 · Answer (B) Wheat
The Green Revolution of the late 1960s, built on high-yielding seeds, fertilisers and irrigation, raised the output of food grains, above all wheat.

Q.17 · Answer (C) Hydrogen
Hydrogen has one valence electron, like the alkali metals, and can lose it to form H^+; like the halogens it is one electron short of a full shell, gains one to form H^- and exists as diatomic molecules.

Q.18 · Answer (C) 1982
New Delhi hosted the first Asian Games in 1951 and the ninth, India's second, in 1982.

Q.19 · Answer (D) Richter Scale
The Richter scale, devised by Charles Richter in 1935, gives an earthquake's magnitude from the seismograph record. An anemometer measures wind speed and a gravimeter gravity.

Q.20 · Answer (D) Akham Lakshmi Devi
Akham Lakshmi Devi received the Sangeet Natak Akademi Award for 2018 for Manipuri dance; the awards were announced in July 2019.

Part-C-Elementary Mathematics

Q.1 · Answer (A) 120
The numbers are $4 \times 6 = 24$ and $5 \times 6 = 30$. As 4 and 5 have no common factor, the LCM is $4 \times 5 \times 6 = 120$.

Q.2 · Answer (C) 20%
The gain is 1140 − 950 = ₹190, and $190/950 \times 100 = 20\%$.

Q.5 · Answer (A) 8.4
Together they do $1/14 + 1/21 = (3 + 2)/42 = 5/42$ of the work a day, so they take $42/5 = 8.4$ days.

Q.6 · Answer (A) 48
The number must divide 1780 − 4 = 1776 and 2452 − 4 = 2448 exactly. $1776 = 48 \times 37$ and $2448 = 48 \times 51$, and 37 and 51 have no common factor, so the HCF is 48.

Q.9 · Answer (C) 60 cm
$2(lb + bh + hl) = 4200$, so $15 \times 16 + h(15 + 16) = 2100$: $240 + 31h = 2100$, $31h = 1860$ and $h = 60$ cm.

Q.10 · Answer (A) 19 km
Rachna's speed is $1.6 \times 475 = 760$ m/min, so with AB = d km, $d/0.475 + (45.6 - d)/0.76 = 75$ minutes. Multiplying by 3.8: $8d + 5(45.6 - d) = 285$, so $3d = 285 - 228 = 57$ and d = 19 km.

Q.12 · Answer (D) 169.5
$0.9 \times 170 + 0.1 \times 165 = 153 + 16.5 = 169.5$ cm.

Q.13 · Answer (A) 11 days
A works all 15 days and does $15/18 = 5/6$ of the work. B must do the other 1/6, which takes him $24/6 = 4$ days, so he joins after $15 - 4 = 11$ days.

Q.14 · Answer (A) 156 km
3 hours 15 minutes is 3.25 hours, so the distance is $48 \times 3.25 = 156$ km.

Q.16 · Answer (C) Rs. 12680
The selling price is 75% of the marked price, so the marked price is ₹9,510 ÷ 0.75 = ₹12,680.

Q.18 · Answer (B) 65.36
The total read was 25 × 64 = 1600. The true marks add (54 + 64 + 67) – (44 + 46 + 61) = 185 – 151 = 34 more, so the correct average is 1634/25 = 65.36.

Q.19 · Answer (A) Rs.66
Annually: 12,000 × 1.1^2 = 14,520, so the CI is ₹2,520. Half-yearly, at 5% for 4 half-years: 12,000 × 1.05^4 = 14,586.075, so the CI is ₹2,586.075. The difference, ₹66.075, rounds to ₹66.

Q.20 · Answer (D) Rs.10,000
After food 70% of the salary is left, and after fuel 70% of that, 49%. So 49% of the salary is ₹4,900 and the salary is ₹10,000.

Part-D-English

Q.1 · Answer (C) cheerful
'Cranky' means irritable and bad-tempered; its opposite is 'cheerful', which fits a mood lifted by friends.

Q.2 · Answer (A) Interesting
'Fascinating' means extremely interesting. 'Revolting' means disgusting and 'intimidating' frightening.

Q.3 · Answer (A) Hide
SSC's key gives 'hide'. To symbolise is to represent or stand for something, bringing it to view through a sign; 'hide', to keep out of sight, is the only option that runs against that, though the two are not exact opposites. 'Link', 'slide' and 'align' are unrelated.

Q.4 · Answer (B) Frekquent
The correct spelling is 'frequent', with no 'k'.

Q.5 · Answer (C) Speaking with an eloquent expression to convince people
A 'silver tongue' is a gift for eloquent, persuasive speech.

Q.6 · Answer (C) She have
The singular subject 'she' cannot take 'have'; with 'by the time I reach home' the sense needs the future perfect: 'She will have left by the time I reach home.'

Q.7 · Answer (C) Spectacular
'Splendid' means magnificent or very impressive: 'spectacular'. 'Authentic' means genuine and 'enticing' attractive.

Q.9 · Answer (B) Someone who is the greatest threat to a group or community
'Public enemy number one' is the person or thing seen as the greatest threat to a group or community.

Q.10 · Answer (D) and
'Both' pairs with 'and': 'Shakespeare was both a dramatist and a poet.' 'As well as' does not follow 'both'.

Q.11 · Answer (A) have been working here
An action that began in the past and continues ('for the past ten years') takes the present perfect continuous: 'I have been working here for the past ten years.'

Q.12 · Answer (A) Condemn
To 'dignify' is to give honour or worth to something; to 'condemn' is to censure it as wrong, the reverse of honouring it. 'Adorn' (decorate) is close in sense to 'dignify'.

Q.13 · Answer (C) gild
To 'gild' is to coat with a thin layer of gold, so it is the word for the underlined words (the sentence would then read 'are gilded'). 'Guild', which sounds the same, is an association of craftsmen or merchants.

Q.14 · Answer (D) not only have the ability to read voraciously but also have
'Not only' pairs with 'but also': 'One must not only have the ability to read voraciously but also have the necessary training'. 'For read' and the past 'had' are wrong.

Q.15 · Answer (D) quash
To 'quash' is to put an end to or suppress: the new immunisation lets scientists stamp out the outbreak quickly. One quenches thirst or a fire, and a quest is a search.

Q.16 · Answer (A) audience
A speaker addresses an 'audience', the word the next sentence takes up: 'The presence of an audience'.

Q.17 · Answer (A) hindrance
The audience should act as a stimulus and not as a 'hindrance', an obstacle, to thought.

Q.18 · Answer (A) experience
Even great speakers 'experience', that is feel, stage fright and self-consciousness.

Q.19 · Answer (D) confidence
A speaker fighting stage fright struggles to gain 'confidence'.

Q.20 · Answer (C) nervousness
Good public speaking comes with a little 'nervousness', the stage fright the passage is about.
