SSC GD Constable 2022 question paper with answers

27 January 2023 · Shift 4

72 questions as the Staff Selection Commission (SSC) printed them · answers from the official key · marking: +2 for a right answer, –0.50 for a wrong one

The other 8 of the paper's 80 questions are not reproduced: they need a figure or are printed as an image, or ask about formatting the source does not keep.

Try every question first: the answer key and the explanations follow the questions. Official answer-key notice: https://web.archive.org/web/20230219070003/https://ssc.nic.in/SSCFileServer/PortalManagement/UploadedFiles/Write_up_Constable_GD_2022_18022023.pdf

Part-A-General Intelligence and Reasoning 16 questions

Q.1

Which letter-cluster will replace the question mark (?) to complete the given series? DCAB, ? , NMKL, SRPQ, XWUV

(A) EFIH
(B) EFHI
(C) HIFG
(D) IHFG

Q.2

Which of the following interchanges of signs would make the given equation correct? 192 ÷ 16 + 8 × 25 – 95 = 26

(A) × and –
(B) – and ÷
(C) + and ×
(D) ÷ and +

Q.3

Which option represents the correct order of the given words as they would appear in the English dictionary? 1 demolish 2 demon 3 destroy 4 decor 5 detour

(A) 4,1,2,3,5
(B) 4,2,1,5,3
(C) 4,5,1,2,3
(D) 4,1,3,2,5

Q.4

Select the set in which the numbers are related in the same way as are the numbers of the following sets. (NOTE : Operations should be performed on the whole numbers, without breaking down the numbers into its constituent digits. E.g. 13 – Operations on 13 such as adding/subtracting/multiplying etc. to 13 can be performed. Breaking down 13 into 1 and 3 and then performing mathematical operations on 1 and 3 is not allowed) (13, 390, 6); (9, 180, 4)

(A) (11, 385, 7)
(B) (9, 220, 5)
(C) (8, 224, 4)
(D) (12, 432, 9)

Q.6

A @ B means ‘A is the spouse of B’. A & B means ‘A is the father of B’. A # B means ‘A is the mother of B’. A % B means ‘A is the sister of B’. If H @ V & K % Q # F, then how is H related to F?

(A) Mother-in-law
(B) Maternal grandmother
(C) Paternal grandfather
(D) Father-in-law

Q.7

Which of the following numbers will replace the question mark (?) in the given series? 1, 5, 16, 41, 87, 161, ?

(A) 206
(B) 266
(C) 226
(D) 270

Q.8

Six people M, N, O, P, Q and R are sitting around a circular table, facing the centre. Q is the immediate neighbour of M and R. N is sitting third to the left of Q. O is the immediate neighbour of R and N. R is sitting second to the left of N. Who is sitting between M and N when considered from the right of N?

(A) Q
(B) R
(C) O
(D) P

Q.9

Which of the following numbers will replace the question mark (?) in the given series? 132, 154, 176, ?, 220

(A) 184
(B) 192
(C) 198
(D) 189

Q.10

In a certain code language, If CAB is coded as 75 and DIP is coded as 52, how will FLY be coded in that language?

(A) 42
(B) 38
(C) 26
(D) 44

Q.11

Select the option that is related to the fifth letter-cluster in the same way as the second letter-cluster is related to the first letter-cluster and the fourth letter-cluster is related to the third letter-cluster. ONCE: LLVS :: LIST: OQFD :: PACK: ?

(A) IXVM
(B) KZXP
(C) KYVM
(D) JYWO

Q.12

Which two signs should be interchanged to make the below equation mathematically correct? 24 + 36 × 32 – 8 ÷ 20 = 148

(A) – and +
(B) + and ÷
(C) + and ×
(D) ÷ and –

Q.13

Select the letter-cluster from among the given options that can replace the question mark (?) in the following series. RBWP, TWYR, VRAT, ?, ZHEX

(A) XMCV
(B) FVGW
(C) FTXH
(D) XCVM

Q.15

Three Statements are given followed by Three conclusions numbered I, II and III. Assuming the statements to be true, even if they seem to be at variance with commonly known facts, decide which of the conclusions logically follow(s) from the statements. Statements: All books are hard. Some hard are stone. Some stone are cars. Conclusions: I. Some hard are books. II. All hard are stone. III. Some cars are stone.

(A) Both conclusions I and II follow.
(B) All conclusions follow.
(C) Both conclusions I and III follow.
(D) Both conclusions II and III follow.

Q.17

Six students are sitting around a circular table facing the centre. A sits to the immediate left of C. E sits third to the right of D. D is an immediate neighbour of C. B is an immediate neighbour of both E and F. Who is the immediate neighbour of C and E?

(A) B
(B) A
(C) D
(D) F

Q.18

In a code language, 'PAPER' is written as 'QCSIW' and 'BOARD' is written as 'CQDVI', how will 'PENCIL' be written in that language?

(A) RGQGNR
(B) QGQGNR
(C) QGPGNP
(D) PGQGNP

Q.19

Select the option that is related to the third word in the same way as the second word is related to the first word (The words must be considered as meaningful English words and must not be related to each other based on the number of letters/consonants/vowels in the word). Bouquet : Flower :: Chain : _____

(A) Heavy
(B) Link
(C) Plant
(D) Tree

Part-B-General Knowledge and General awareness 20 questions

Q.1

Under which scheme, 5 Crore LPG (Liquified Petroleum Gas) connections were provided to Below Poverty Line (BPL) families?

(A) Pradhan Mantri Ujjwala Yojana
(B) Sansad Adarsh Gram Yojana
(C) Skill India Mission
(D) Beti Bachao Beti Padhao

Q.2

The winter rain in Tamil Nadu is due to the _____.

(A) local air
(B) north-east trade winds
(C) south-west trade winds
(D) temperate cyclone

Q.3

Mopin is the cultural festival of which Indian state?

(A) Nagaland
(B) Arunachal Pradesh
(C) Maharashtra
(D) Mizoram

Q.4

Which of the following Articles of the Constitution of India empowers the President of India to pardon in case of punishment or sentence?

(A) Article 66
(B) Article 72
(C) Article 78
(D) Article 65

Q.5

Kelucharan Mohapatra won recognition in which dance form?

(A) Kuchipudi
(B) Sattriya
(C) Odissi
(D) Chhau

Q.6

_____ is an asset pledged by a borrower, to a lender as security for a loan.

(A) Multilateral
(B) Bilateral
(C) Unilateral
(D) Collateral

Q.7

Who has been appointed as the Deputy Election Commissioner of India in October 2022?

(A) Sunil Arora
(B) Ajay Bhadoo
(C) Om Prakash Rawat
(D) Rajiv Kumar

Q.8
Who was India's flag-bearer for the closing ceremony of the 18th Asian Games 2018?

(A) PT Usha
(B) Rani Rampal
(C) Hima Das
(D) Neeraj Chopra

Q.9
The term towards faster and more inclusive growth was coined in which Five year plan?

(A) 11th
(B) 10th
(C) 8th
(D) 9th

Q.10
Hockey India League (HIL) started in which of the following year?

(A) 2011
(B) 2013
(C) 2012
(D) 2010

Q.11
Identify the correct statement about nuclear fission.

(A) The nucleus of a heavy atom, when bombarded with low-energy neutrons, can be split apart into lighter nuclei.
(B) Nuclear fission is the coming together of high-energy electrons and low-energy neutrons.
(C) The nucleus of a low-energy atom, when bombarded with high-energy neutrons, can be split apart into lighter nuclei.
(D) The nucleus of a low-energy atom, when bombarded with high-energy neutrons, can be split apart into heavier nuclei.

Q.12
When did the infamous Jallianwala Bagh incident take place?

(A) 11 April 1919
(B) 13 April 1920
(C) 13 April 1919
(D) 13 April 1918

Q.13
Identify the Mauryan king who gave up conquest after winning a war.

(A) Bindusara
(B) Dashratha
(C) Chandragupta Maurya
(D) Ashoka

Q.14
India has second largest _____ network in the world, aggregating to about 62.16 lakh km (2020–21).

(A) air
(B) road
(C) rail
(D) sea

Q.15
According to the 2011 census, what is the population density (per square km) of India?

(A) 442
(B) 382
(C) 198
(D) 298

Q.16
As of November 2022, who was the Chief Minister of Gujarat before elections held in 2022?

(A) Bhupendra Patel
(B) Vijay Rupani
(C) Dhanjibhai Patel
(D) Isudan Gadhvi

Q.17
Under which Five Year Plan in India, the implementation of the Family Planning Programme was amongst the major targets of the Plan?

(A) Third
(B) Fifth
(C) Second
(D) Fourth

Q.18
Which of the following is NOT a source of protein?

(A) Fish
(B) Meat
(C) Milk
(D) Lemon

Q.19
The Kathakali dance form originated in which part of India?

(A) North India
(B) South India
(C) East India
(D) West India

Q.20
On which date was Andhra Pradesh formed?

(A) 2 October 1956
(B) 26 January 1953
(C) 15 August 1953
(D) 1 November 1956

Part-C-Elementary Mathematics 17 questions

Q.1
A and B together can do a piece of work in 21 days. B and C together can do it in 24 days. A and C together can do it in 33 days. In how many days approximately will A, B and C finish it together?

(A) 14 days
(B) 17 days
(C) 15 days
(D) 13 days

Q.2
A and B together can do a piece of work in 20 days, while B alone can finish it in 25 days. How many days will A take to complete the same work alone?

(A) 150
(B) 60
(C) 100
(D) 80

Q.3
Priya allows 5 percent discount on the marked price of her goods and still earns a profit of 18 percent. What is the cost price of an item, if its marked price is Rs. 944?

(A) Rs. 684
(B) Rs. 580
(C) Rs. 854
(D) Rs. 760

Q.4
Find the fourth proportional of 3 hours 20 minutes, 1 hour 50 minutes, and 6 hours 20 minutes.

(A) 3 hours 19 minutes
(B) 4 hours 29 minutes
(C) 4 hours 19 minutes
(D) 3 hours 29 minutes

Q.5
In a circular race of 5000 m, starting from the same point, the speeds of two contestants A and B are 36 km/h and 54 km/h, respectively. The difference between the time taken (in seconds) to meet for the first time when they are running in the opposite directions and when they are running in the same direction?

(A) 600
(B) 800
(C) 200
(D) 1000

Q.6

A ream of 500 pages is bought for ₹280, and packets of 25 pages are made from it. Each packet is sold for ₹18. Find the percentage profit or loss. (Rounded off up to one decimal place).

(A) 24.6% loss
(B) 28.6% profit
(C) 26.5% profit
(D) 24.5% profit

Q.7

The diameter of a hemisphere is 6 cm. The ratio of the magnitudes of its curved surface area to the total surface area is:

(A) 2 : 3
(B) 1 : 2
(C) 3 : 5
(D) 1 : 3

Q.8

Find the sum of the digits of the greatest number that can exactly divide 288 and 432.

(A) 12
(B) 4
(C) 3
(D) 9

Q.9

Three number are in the ratio of 4 : 5 : 6, and their LCM is 180. Their HCF is:

(A) 2
(B) 4
(C) 8
(D) 3

Q.10

If ratio of X to Y is 3 : 4, then determine the relation between X and Y.

(A) Both X is 75 percent of Y and Y is 133.33 percent of X
(B) X is 80 percent of Y
(C) X is 35 percent of Y
(D) Y is 120 percent of X

Q.11

A shopkeeper offers three successive discounts of 15%, 30% and 4% on an article. If the article is marked at ₹1,950, what is its selling price (in ₹, rounded off to the nearest tens)?

(A) 1,110
(B) 1,150
(C) 1,130
(D) 1,020

Q.12

The average of sales of an electronics shop in the years 2001, 2002, 2003 and 2004 is 1850, and that for the years 2002, 2003, 2004 and 2005 is 2125. If the sales in 2005 are1200, then find the sales in 2001?

(A) 110
(B) 100
(C) 120
(D) 130

Q.13

The population of a village increases by 12½ % in the first year and decrease by 8% in the second year. If the present population of village is 3200, then what will be the population of the village after 2 years?

(A) 3312
(B) 3564
(C) 3412
(D) 3388

Q.14

Determine the fourth proportional to 11.6 m, 9.2 m, 32.8 m. (Consider up to two decimals)

(A) 20.01 m
(B) 28.01 m
(C) 22.01 m
(D) 26.01 m

Q.17

Afzal's monthly income is Rs.35,000. He spends 20% of his monthly income on food, 30% on clothes, and 15% on rent. How much money does Afzal save monthly?

(A) Rs.16,660
(B) Rs.14,200
(C) Rs.12,250
(D) Rs.15,220

Q.18

A woman gains 30 percent by selling an article for a certain price. If she sells it at double price, then the profit made is :

(A) 140 percent
(B) 160 percent
(C) 120 percent
(D) 130 percent

Q.19

The average of 11 numbers is 7.5. What should be the 12th number added to them to make the average 8.5?

(A) 19.5
(B) 17.5
(C) 11.5
(D) 21.5

Part-D-English 19 questions

Q.1

Select the most appropriate synonym of the given word. Reckon

(A) Relieve
(B) Release
(C) Think
(D) Terminate

Q.2

Select the most appropriate option that can substitute the underlined segment in the given sentence. He has given us no reason to “be prestigious” of him.

(A) be proudly
(B) be auspicious
(C) be suspicious
(D) be ambitious

Q.3

The following sentence has been divided into parts. One of them may contain an error. Select the part that contains the error from the given options. Tomorrow is a/ holiday for all /except me as/ I will writing my exam.

(A) I will writing my exam
(B) holiday for all
(C) Tomorrow is a
(D) except me as

Q.4

Select the most appropriate option to fill in the blank. He visited his mother _____ after she was discharged from the hospital.

(A) now and then
(B) by and by
(C) round and round
(D) more or less

Q.5

Select the correct option to substitute the underlined segment in the given sentence. “Let I” clear the doubts, if any.

(A) Let mine
(B) Let me
(C) Let myself
(D) Let my

Q.6

Select the most appropriate synonym of the given word. Noble

(A) Agile
(B) Regular
(C) Humble
(D) Dignified

Q.7

Select the INCORRECTLY spelt word.

(A) Pester
(B) Referance
(C) Orientation
(D) Exaggerate

Q.9

Select the correct word for the blanks in the given sentence. Health is a state of _____ being, and a _____ is used to draw water from the ground.

(A) well
(B) tubewell
(C) fine
(D) good

Q.10

Select the most appropriate ANTONYM of the given word. Erudite

(A) Ignorant
(B) Civilized
(C) Primeval
(D) Inherent

Q.11

Select the most appropriate ANTONYM of the underlying word in the given sentence and complete the sentence. He was _____ by his brother's attitude, but his mother's words "calmed" him.

(A) acquitted
(B) effaced
(C) solaced
(D) agitated

Q.12

Select the most appropriate meaning of the given idiom. Explore all avenues

(A) To discover new ideas
(B) To discover new things
(C) Try out every possibility to get a result
(D) To discover new routes

Q.13

Select the most appropriate meaning of the given idiom. Spinning one's wheels

(A) To do a lot of work for achieving something
(B) To make a lot of effort without achieving anything
(C) To talk about random things
(D) To talk about oneself for achieving something

Q.14

Select the most appropriate homonym to fill in the blank. He planned a weeklong _____ down the Nile.

(A) crews
(B) cruse
(C) crus
(D) cruise

Q.15

Select the most appropriate ANTONYM of the given word. Obvious

(A) Plain
(B) Straight
(C) Clear
(D) Cryptic

Q.16

In the following passage, some words have been deleted. Read the passage carefully and select the most appropriate option to fill in each blank. Amla tree is (1) _____ to be thousands of years old. It is called aamaleki and dhaatri in Sanskrit. Its botanical name is Emblica Officinalis. The amla tree is a medium (2) _____ tree with citrus fruits. It is found almost everywhere in India (3) _____ for some very high mountainous regions. It is found (4) _____ in Madhya Pradesh. The leaves are very small and have a close (5) _____ to those of Gulmohar. The amla tree has slender branches which grow upwards and surround the trees on all sides.

Select the most appropriate option to fill in blank no. 1.

(A) considered
(B) reviewed
(C) examined
(D) contemplated

Q.17

In the following passage, some words have been deleted. Read the passage carefully and select the most appropriate option to fill in each blank. Amla tree is (1) _____ to be thousands of years old. It is called aamaleki and dhaatri in Sanskrit. Its botanical name is Emblica Officinalis. The amla tree is a medium (2) _____ tree with citrus fruits. It is found almost everywhere in India (3) _____ for some very high mountainous regions. It is found (4) _____ in Madhya Pradesh. The leaves are very small and have a close (5) _____ to those of Gulmohar. The amla tree has slender branches which grow upwards and surround the trees on all sides.

Select the most appropriate option to fill in blank no. 2.

(A) sized
(B) sorted
(C) assessed
(D) weighed

Q.18

In the following passage, some words have been deleted. Read the passage carefully and select the most appropriate option to fill in each blank. Amla tree is (1) _____ to be thousands of years old. It is called aamaleki and dhaatri in Sanskrit. Its botanical name is Emblica Officinalis. The amla tree is a medium (2) _____ tree with citrus fruits. It is found almost everywhere in India (3) _____ for some very high mountainous regions. It is found (4) _____ in Madhya Pradesh. The leaves are very small and have a close (5) _____ to those of Gulmohar. The amla tree has slender branches which grow upwards and surround the trees on all sides.

Select the most appropriate option to fill in blank no. 3.

(A) till
(B) without
(C) except
(D) unless

Q.19

In the following passage, some words have been deleted. Read the passage carefully and select the most appropriate option to fill in each blank. Amla tree is (1) _____ to be thousands of years old. It is called aamaleki and dhaatri in Sanskrit. Its botanical name is Emblica Officinalis. The amla tree is a medium (2) _____ tree with citrus fruits. It is found almost everywhere in India (3) _____ for some very high mountainous regions. It is found (4) _____ in Madhya Pradesh. The leaves are very small and have a close (5) _____ to those of Gulmohar. The amla tree has slender branches which grow upwards and surround the trees on all sides.

Select the most appropriate option to fill in blank no. 4.

(A) abundantly
(B) lavishly
(C) profusely
(D) wholly

Q.20

In the following passage, some words have been deleted. Read the passage carefully and select the most appropriate option to fill in each blank. Amla tree is (1) _____ to be thousands of years old. It is called aamaleki and dhaatri in Sanskrit. Its botanical name is Emblica Officinalis. The amla tree is a medium (2) _____ tree with citrus fruits. It is found almost everywhere in India (3) _____ for some very high mountainous regions. It is found (4) _____ in Madhya Pradesh. The leaves are very small and have a close (5) _____ to those of Gulmohar. The amla tree has slender branches which grow upwards and surround the trees on all sides.

Select the most appropriate option to fill in blank no. 5.

(A) congruence
(B) harmony
(C) resemblance
(D) coincidence

Q.20 **(C)**					

Explanations

Part-A-General Intelligence and Reasoning

Q.1 · Answer (D) IHFG

The first letters move +5 (D, I, N, S, X), and each cluster is that letter followed by the letters 1, 3 and 2 places before it: D C A B, N M K L. So the missing cluster is I H F G: IHFG.

Q.2 · Answer (C) + and ×

After interchanging + and ×: 192 ÷ 16 × 8 + 25 − 95 = 12 × 8 + 25 − 95 = 96 + 25 − 95 = 26.

Q.3 · Answer (A) 4,1,2,3,5

Decor (dec-) comes first, then demolish and demon ('demol-' before 'demon'), destroy (des-) and detour (det-): 4, 1, 2, 3, 5.

Q.4 · Answer (A) (11, 385, 7)

The middle number is five times the product of the other two: 13 × 6 × 5 = 390 and 9 × 4 × 5 = 180. Likewise 11 × 7 × 5 = 385; the other sets would need 225, 160 and 540.

Q.6 · Answer (B) Maternal grandmother

Q # F makes Q F's mother, and K is Q's sister. V & K makes V the father of K, and so of Q, and H, V's spouse, is their mother. So H is F's mother's mother: maternal grandmother.

Q.7 · Answer (D) 270

The differences are 4, 11, 25, 46, 74, which grow by 7, 14, 21, 28. The next difference is 74 + 35 = 109: 161 + 109 = 270.

Q.8 · Answer (D) P

Facing the centre, going left is going clockwise. N, third to the left of Q, is opposite Q; R, second to the left of N, is next to Q; O sits between R and N; and M, Q's other neighbour, leaves P between M and N. Clockwise the order is Q, M, P, N, O, R, so counting to the right of N, P sits between N and M.

Q.9 · Answer (C) 198

Each term is 22 more than the one before (11 × 12, 11 × 14 and so on): 176 + 22 = 198, and 198 + 22 = 220.

Q.10 · Answer (B) 38

Each letter takes its place counted from Z (A = 26, B = 25 and so on) and the values are added: CAB = 24 + 26 + 25 = 75 and DIP = 23 + 18 + 11 = 52. So FLY = 21 + 15 + 2 = 38.

Q.11 · Answer (C) KYVM

Each letter becomes its opposite letter (A↔Z, B↔Y and so on) and then moves back 0, 1, 2 and 3 places: ONCE → LMXV → LLVS and LIST → ORHG → OQFD. So PACK → KZXP → KYVM.

Q.12 · Answer (D) ÷ and −

After interchanging ÷ and −: 24 + 36 × 32 ÷ 8 − 20 = 24 + 36 × 4 − 20 = 24 + 144 − 20 = 148.

Q.13 · Answer (A) XMCV

The first, third and fourth letters each move +2 (R, T, V, X, Z; W, Y, A, C, E; P, R, T, V, X) and the second moves −5 (B, W, R, M, H), wrapping round after A. The missing cluster is XMCV.

Q.15 · Answer (C) Both conclusions I and III follow.

All books are hard, so some hard things are books (I); some stone are cars, so some cars are stone (III). That some hard things are stone does not make all of them stone, so II does not follow.

Q.17 · Answer (B) A

Facing the centre, left is clockwise. A is to C's immediate left, so D, C's other neighbour, is on its right. E, third to the right of D, is then next to A, and B, a neighbour of both E and F, takes the seat beyond E, with F between B and D. Going round: C, A, E, B, F, D, so A sits between C and E.

Q.18 · Answer (B) QGQGNR
The letters move +1, +2, +3, +4, +5 in turn: PAPER → QCSIW and BOARD → CQDVI. So PENCIL → Q G Q G N R (L + 6 = R): QGQGNR.

Q.19 · Answer (B) Link
A bouquet is made up of flowers, as a chain is made up of links.

Part-B-General Knowledge and General awareness

Q.1 · Answer (A) Pradhan Mantri Ujjwala Yojana
Pradhan Mantri Ujjwala Yojana, launched on 1 May 2016, set out to give 5 crore deposit-free LPG connections, in the names of the women of the households, to BPL families over three years (2016-17 to 2018-19).

Q.2 · Answer (B) north-east trade winds
In winter the north-east trade winds blow from land to sea over most of India, so the season is dry; on the Tamil Nadu coast they arrive from the Bay of Bengal carrying moisture, and bring rain.

Q.3 · Answer (B) Arunachal Pradesh
Mopin is the main agricultural festival of the Galo people of Arunachal Pradesh, held in April for a good harvest and prosperity.

Q.4 · Answer (B) Article 72
Article 72 gives the President the power to grant pardons, reprieves, respites or remissions of punishment, or to suspend, remit or commute a sentence. Article 161 gives a Governor a similar power.

Q.5 · Answer (C) Odissi
Guru Kelucharan Mohapatra of Odisha was the leading guru of Odissi and did much to revive the dance in the twentieth century.

Q.6 · Answer (D) Collateral
Collateral is an asset a borrower pledges to a lender as security; if the loan is not repaid, the lender may take it.

Q.7 · Answer (B) Ajay Bhadoo
Ajay Bhadoo, a Gujarat-cadre IAS officer, was appointed Deputy Election Commissioner in early October 2022. Rajiv Kumar was then the Chief Election Commissioner, a post Sunil Arora and O P Rawat had held before him.

Q.8 · Answer (B) Rani Rampal
Rani Rampal, captain of the women's hockey team that won silver, carried India's flag at the closing ceremony of the 2018 Asian Games in Jakarta; Neeraj Chopra carried it at the opening.

Q.9 · Answer (A) 11th
'Towards Faster and More Inclusive Growth' was the title and theme of the Eleventh Five-Year Plan (2007-12).

Q.10 · Answer (B) 2013
The Hockey India League's first season was played from 14 January to 10 February 2013; Ranchi Rhinos won it.

Q.11 · Answer (A) The nucleus of a heavy atom, when bombarded with low-energy neutrons, can be split apart into lighter nuclei.
In nuclear fission a heavy nucleus, such as that of uranium-235, absorbs a slow (low-energy) neutron and splits into two lighter nuclei, releasing energy and more neutrons.

Q.12 · Answer (C) 13 April 1919
On 13 April 1919, Baisakhi day, troops under Reginald Dyer fired on an unarmed crowd gathered in the Jallianwala Bagh at Amritsar.

Q.13 · Answer (D) Ashoka
Moved by the slaughter of his war in Kalinga, Ashoka gave up conquest by war and turned to spreading dhamma.

Q.14 · Answer (B) road
India's road network is the world's second largest, after that of the United States.

Q.15 · Answer (B) 382
Census 2011 put India's population density at 382 persons per square km, up from 325 in 2001.

Q.16 · Answer (A) Bhupendra Patel
Bhupendra Patel became Chief Minister of Gujarat in September 2021, succeeding Vijay Rupani, and held the office in November 2022; after the BJP won the December 2022 election he was sworn in again.

Q.17 · Answer (D) Fourth
India's family planning programme began in 1952, in the First Plan, but the Fourth Five-Year Plan (1969-74) made it one of its major targets, giving it the highest priority as a time-bound programme with targets for bringing down the birth rate.

Q.18 · Answer (D) Lemon
Lemon is valued for its vitamin C and has little protein; fish, meat and milk are good sources of protein.

Q.19 · Answer (B) South India
Kathakali, the dance-drama known for its elaborate make-up and costumes, comes from Kerala in the south.

Q.20 · Answer (D) 1 November 1956
Andhra Pradesh was formed on 1 November 1956 under the States Reorganisation Act, when the Telugu-speaking areas of Hyderabad State were joined to Andhra State, which had been carved out of Madras State on 1 October 1953.

Part-C-Elementary Mathematics

Q.1 · Answer (B) 17 days
Adding the three pairs, 2(A + B + C) = 1/21 + 1/24 + 1/33 = (88 + 77 + 56)/1848 = 221/1848 of the work a day. So A, B and C together do 221/3696 a day and take 3696/221 ≈ 16.7, about 17 days.

Q.2 · Answer (C) 100
A alone does 1/20 – 1/25 = (5 – 4)/100 = 1/100 of the work a day, so A takes 100 days.

Q.3 · Answer (D) Rs. 760
The selling price is 95% of ₹944 = ₹896.80, which is 118% of the cost: 896.80 ÷ 1.18 = ₹760.

Q.4 · Answer (D) 3 hours 29 minutes
In minutes the terms are 200, 110 and 380, so the fourth proportional is 110 × 380/200 = 209 minutes = 3 hours 29 minutes.

Q.5 · Answer (B) 800
The speeds are 10 m/s and 15 m/s. Running in opposite directions they first meet after 5000/(10 + 15) = 200 s, and in the same direction after 5000/(15 – 10) = 1000 s. The difference is 800 s.

Q.6 · Answer (B) 28.6% profit
The ream makes 500/25 = 20 packets, sold for 20 × ₹18 = ₹360. The profit is ₹80 on ₹280: 80/280 × 100 = 28.6%.

Q.7 · Answer (A) 2 : 3
The curved surface area is $2\pi r^2$ and the total surface area, with the flat circle, $3\pi r^2$, so the ratio is 2 : 3 whatever the radius.

Q.8 · Answer (D) 9
$288 = 2^5 \times 3^2$ and $432 = 2^4 \times 3^3$, so their HCF is $2^4 \times 3^2 = 144$, whose digits add up to 1 + 4 + 4 = 9.

Q.9 · Answer (D) 3
The numbers are 4x, 5x and 6x, whose LCM is 60x = 180, so x = 3. As 4, 5 and 6 have no common factor, the HCF is x = 3.

Q.10 · Answer (A) Both X is 75 percent of Y and Y is 133.33 percent of X
X = 3/4 of Y = 75% of Y, and Y = 4/3 of X = 133.33% of X.

Q.11 · Answer (A) 1,110
₹1,950 × 0.85 × 0.70 × 0.96 = ₹1,113.84, which to the nearest ten is ₹1,110.

Q.12 · Answer (B) 100
The 2001-04 total is 4 × 1850 = 7400 and the 2002-05 total 4 × 2125 = 8500. They share 2002-04, so sales in 2005 exceed sales in 2001 by 1100, and sales in 2001 = 1200 – 1100 = 100.

Q.13 · Answer (A) 3312
3200 × 1.125 = 3600 after the first year, and 3600 × 0.92 = 3312 after the second.

Q.14 · Answer (D) 26.01 m
The fourth proportional is 9.2 × 32.8/11.6 = 301.76/11.6 = 26.01 m.

Q.17 · Answer (C) Rs.12,250
He spends 20% + 30% + 15% = 65%, so he saves 35% of ₹35,000 = ₹12,250.

Q.18 · Answer (B) 160 percent
Take the cost as 100: the selling price is 130, and double that is 260, a profit of 160 on 100, or 160%.

Q.19 · Answer (A) 19.5
The 11 numbers add up to 11 × 7.5 = 82.5, and 12 numbers averaging 8.5 add up to 102, so the 12th is 102 – 82.5 = 19.5.

Part-D-English

Q.1 · Answer (C) Think
To 'reckon' is to think or consider: 'I reckon he is right.'

Q.2 · Answer (C) be suspicious
To 'be suspicious of' someone is to distrust them, which fits 'no reason to'. 'Prestigious' means having high status and makes no sense here.

Q.3 · Answer (A) I will writing my exam
After 'will' the continuous form needs 'be': 'I will be writing my exam' (or simply 'I will write my exam').

Q.4 · Answer (A) now and then
'Now and then' means from time to time: he visited his mother occasionally after she left hospital. 'By and by' means before long, and 'more or less' almost.

Q.5 · Answer (B) Let me
'Let' is followed by an object pronoun: 'Let me clear the doubts, if any.'

Q.6 · Answer (D) Dignified
A 'noble' person has high principles and a bearing that commands respect, so 'dignified' is closest. 'Humble' means modest.

Q.7 · Answer (B) Referance
The correct spelling is 'reference'.

Q.9 · Answer (A) well
'Well' fits both blanks: 'well-being' is a state of good health and happiness, and a well is a hole dug to draw water from the ground. 'Tubewell' fits only the second blank.

Q.10 · Answer (A) Ignorant
'Erudite' means having or showing great learning; its opposite is 'ignorant'.

Q.11 · Answer (D) agitated
The blank needs the opposite of the underlined 'calmed': he was 'agitated' (upset) by his brother's attitude until his mother's words calmed him. 'Solaced' means comforted, close to 'calmed'.

Q.12 · Answer (C) Try out every possibility to get a result
To 'explore all avenues' is to try every possible way of getting a result.

Q.13 · Answer (B) To make a lot of effort without achieving anything
To be 'spinning one's wheels' is to put in a lot of effort without making any progress, like a car whose wheels spin without moving it.

Q.14 · Answer (D) cruise
A 'cruise' is a voyage for pleasure. 'Crews' (the people who work a ship) sounds the same, and 'cruse' is an old word for a small jar.

Q.15 · Answer (D) Cryptic
'Obvious' means easy to see or understand; its opposite is 'cryptic', obscure or puzzling. 'Plain' and 'clear' are synonyms.

Q.16 · Answer (A) considered
'Is considered to be' means is believed to be: the amla tree is believed to be thousands of years old.

Q.17 · Answer (A) sized
A 'medium-sized' tree is one of middle size; the other options make no sense with 'medium'.

Q.18 · Answer (C) except
'Except for' brings in the exception: the tree grows almost everywhere in India apart from some very high mountain regions.

Q.19 · Answer (A) abundantly
'Found abundantly' is the usual way of saying a plant grows in large numbers somewhere: the tree is plentiful in Madhya Pradesh. 'Lavishly' means generously or extravagantly, 'profusely' is used mostly of what pours out freely (bleeding, sweating, apologising), and 'wholly' means completely.

Q.20 · Answer (C) resemblance
To 'have a close resemblance to' something is to look much like it: amla leaves look much like those of the gulmohar.
