Part-C-Elementary Mathematics

Q.1 · Answer (B) 2
The number must divide the differences 93 − 57 = 36, 191 − 93 = 98 and 191 − 57 = 134. As $36 = 2^2 \times 3^2$, $98 = 2 \times 7^2$ and $134 = 2 \times 67$, their HCF is 2.

Q.7 · Answer (C) 1.2×10^{-2}
0.002 : 0.04 = 0.0006 : x, so $x = 0.04 \times 0.0006 \div 0.002 = 0.000024 \div 0.002 = 0.012 = 1.2 \times 10^{-2}$.

Q.8 · Answer (B) 76 days
P alone does 1/38 − 1/76 = 2/76 − 1/76 = 1/76 of the work a day, so P takes 76 days.

Q.9 · Answer (D) 15.575
Total distance = 5.4 + 25.75 = 31.15 km and total time = 0.5 + 1.5 = 2 hours, so the average speed is 31.15 ÷ 2 = 15.575 km/h.

Q.11 · Answer (D) 108
x is a multiple of 6, say x = 6k. Then $2x^3 + 3x^2 = x^2(2x + 3) = 36k^2(12k + 3) = 108k^2(4k + 1)$, always divisible by 108. With x = 6 it is 540, which 72, 214 and 428 do not divide.

Q.12 · Answer (A) 27.75%
Two successive discounts of 15% leave 0.85 × 0.85 = 0.7225 of the price, so the effective discount is 27.75% (15 + 15 − 15 × 15/100).

Q.16 · Answer (C) 14 percent
(100 − 86)/100 × 100 = 14%.

Q.17 · Answer (A) 243.8
(517 + 139 + 195 + 176 + 192) ÷ 5 = 1219 ÷ 5 = 243.8.

Q.18 · Answer (C) 11
Take the work as 60 units: Rohan does 6 a day and Sohan 5. Each two-day pair does 11 units, so 5 pairs (10 days) do 55, and on day 11 Sohan does the last 5: 11 days.

Part-D-English

Q.1 · Answer (D) Subservent
The correct spelling is 'subservient', meaning too ready to obey others.

Q.2 · Answer (D) refuse
'Refuse' is the opposite of 'agree': 'We refuse to talk to terrorists.' 'Grant', 'admit' and 'allow' are close to agreeing.

Q.3 · Answer (C) Sparse
'Dense' means closely packed, so its opposite is 'sparse', thinly scattered. 'Compact' is close to 'dense'.

Q.4 · Answer (B) Incompetent
'Inkompetent' is misspelt: the word is 'incompetent', with a 'c', meaning lacking the ability to do a job well.

Q.5 · Answer (A) destroyed the sweetness of the song
SSC's key gives 'of', the usual preposition for a quality that belongs to something: 'the sweetness of the song', as in 'the beauty of the painting'. 'In' is sometimes heard ('there is a sweetness in the song') but is less natural after 'destroyed the sweetness', and 'on', 'by' and 'around' do not fit.

Q.6 · Answer (D) Stench
A perfume is a pleasant smell and a stench a strong, foul one. 'Redolence' and 'fragrance' are close to 'perfume'.

Q.7 · Answer (B) Narrow
'Parochial' means having a narrow, limited outlook, concerned only with local matters.

Q.8 · Answer (B) Abundant
'Ample' means enough or more than enough: 'abundant'. 'Insufficient' is its opposite.

Q.9 · Answer (D) Failure
Prosperity is success and flourishing, especially in money matters; of the options only 'failure' is opposed to it. 'Money' and 'wealth' are close to it in meaning.

Q.10 · Answer (C) To face many challenges
To 'go through fire and water' is to face great dangers or hardships, often for someone else's sake.

Q.11 · Answer (A) Have the same bad treatment that you have given to others
To get 'a taste of your own medicine' is to receive the same unpleasant treatment you have given others.

Q.12 · Answer (B) No error
The sentence is correct: 'a week ago' places the action in the past, so the simple past 'received' is right; 'his' refers to someone other than the subject (the letter's writer), so it need not agree with 'Mrs. Meera and family', an accepted way of naming a household.

Q.13 · Answer (D) No substitution required
'Penned' (wrote) is already correct: the book has been written, so the simple past fits. 'Write' and 'pen' are base forms, which cannot follow 'Who' here, and 'publicise' changes the sense.

Q.14 · Answer (A) Grave
A tomb is a place where a dead person is buried, so 'grave' is closest. A mortuary keeps bodies before burial, and a funeral is the ceremony.

Q.15 · Answer (A) come round
To 'come round' is to regain consciousness. 'Look round' means to inspect a place, and 'come across' to find by chance.

Q.16 · Answer (A) growth
Renewable energy is meant to drive economic 'growth', alongside improving energy security and access to electricity.

Q.17 · Answer (C) reduce
Renewable energy is meant to 'reduce', that is lessen, climate change; 'increase' is the opposite of the aim.

Q.18 · Answer (D) access
Giving residents 'access' to energy is letting them obtain and use it; 'excess' sounds alike but means too much.

Q.19 · Answer (B) forefront
To be propelled 'to the forefront' is to be brought to the leading position.

Q.20 · Answer (A) attract
Welcoming regulations are meant to 'attract', that is draw in, international investment.
