SSC GD Constable 2022 question paper with answers

9 February 2023 · Shift 1

70 questions as the Staff Selection Commission (SSC) printed them · answers from the official key · marking: +2 for a right answer, –0.50 for a wrong one

The other 10 of the paper's 80 questions are not reproduced: they need a figure or are printed as an image, or ask about formatting the source does not keep.

Try every question first: the answer key and the explanations follow the questions. Official answer-key notice: https://web.archive.org/web/20230219070003/https://ssc.nic.in/SSCFileServer/PortalManagement/UploadedFiles/Write_up_Constable_GD_2022_18022023.pdf

Part-A-General Intelligence and Reasoning 16 questions

Q.2

K, L, M, N, O and P are six friends sitting around a circular table facing opposite to the centre. M is sitting to the immediate left of O and immediate right of K. K is sitting to the immediate right of N. L is sitting to the immediate left of N. P is sitting between L and O. Who is sitting to the immediate right of P?

(A) L
(B) O
(C) P
(D) M

Q.3

'A + B' means 'A is the sister of B'. 'A – B' means 'A is the husband of B'. 'A × B' means 'A is the father of B'. 'A ÷ B' means 'A is the daughter of B'. If R + T ÷ P – M , then how is P related to R?

(A) Daughter
(B) Father
(C) Mother
(D) Son

Q.5

Select the option that is related to the fifth number in the same way as the second number is related to the first number and the fourth number is related to the third number. 441 : 7 :: 225 : 5 :: 729 : ?

(A) 9
(B) 3
(C) 6
(D) 12

Q.6

Seven people, M, N, O, P, Q, R and S are sitting in a straight row, facing north. P is sitting third to the right of M. Only four people sit between Q and S. O is sitting third to the right of Q. R is sitting to the immediate left of Q. Who is sitting at the centre of the row?

(A) Q
(B) N
(C) M
(D) O

Q.7

Which of the following numbers will replace the question mark (?) in the given series? 216, 343, ?, 729,1000

(A) 512
(B) 470
(C) 525
(D) 624

Q.9

In a certain code language, 'HOUSE' is written as 'JUWYG' and 'BEARD' is written as 'DKCXF'. How will 'CRAVE' be written in the same code language?

(A) EXCBG
(B) ANDAG
(C) DMCEG
(D) FLBEG

Q.10

Which letter-cluster will replace the question mark (?) to complete the given series? CEGI, JLNP, QSUW, XZBD, ?

(A) EGIK
(B) EGKI
(C) EDHI
(D) EHIK

Q.11

Which option represents the correct order of the given words as they would appear in the English dictionary? 1 finish 2 fight 3 figure 4 fire 5 finger

(A) 2,4,5,3,1
(B) 4,3,2,5,1
(C) 3,2,4,5,1
(D) 2,3,5,1,4

Q.12

In a code language, ‘make time' is coded as 'bo ho', 'time never stops' is coded as ‘ho ru du', 'she stops work' is coded as 'vu du ya', and 'never make mistakes' is coded as 'ru bo tu'. What is the code for the word 'never'?

(A) ho
(B) ya
(C) bo
(D) ru

Q.13

Read the given statements and conclusions carefully. Assuming that the information given in the statements is true, even if it appears to be at variance with commonly known facts, decide which of the given conclusions logically follow(s) from the statements. Statements: • All cats are dogs. • Some dogs are elephants • All elephants are camels. Conclusions: I. All cats are elephants. II. Some cats are elephants. III. Some elephants are dogs; IV. Some camels are dogs.

(A) None of the conclusions follow
(B) Conclusion III and IV follow
(C) Only conclusion II follows
(D) Only conclusion I follows

Q.14

Which two numbers(not digits), from the given options, should be interchanged to make the given equation correct? (60 ÷ 2) × 3 − 100 + 400 = 560

(A) 400 and 60
(B) 60 and 100
(C) 400 and 560
(D) 100 and 560

Q.15

Which of the following numbers will replace the question mark (?) in the given series? 5, 11, 21, ?, 85, 171

(A) 43
(B) 36
(C) 59
(D) 55

Q.16

Which of the following terms will replace the question mark (?) in the given series? UWAR, OUEP, ISIN, EQOL, ?

(A) AOUJ
(B) AOVK
(C) BOUK
(D) BOVJ

Q.17

Select the option that is related to the fifth letter-cluster in the same way as the second letter-cluster is related to the first letter-cluster and the fourth letter-cluster is related to the third letter-cluster. CERAMIC : ACPYKGA:: GLASSES : EJYQQCQ:: PLASTIC :?

(A) NJRGAYQ
(B) NJYQRGA
(C) NYQRGAJ
(D) NGAJYQR

Q.19

Which two signs should be interchanged to make the below equation mathematically correct? 24 + 18 × 40 – 10 ÷ 20 = 76

(A) – and +
(B) + and ÷
(C) ÷ and –
(D) + and ×

Q.20

Select the option that is related to the fifth term in the same way as the second term is related to the first term and fourth term is related to the third term. RAYMOND : MYARDNO :: COMMAND : MMOCDNA :: COMPARE : ?

(A) ERAPMOC
(B) AECORMP
(C) PARECOM
(D) PMOCERA

Part-B-General Knowledge and General awareness 20 questions

Q.1

The main items of _____expenditure are interest payments, defence services, subsidies.

(A) waste
(B) plan
(C) household
(D) non-plan

Q.2

Which classical dance generally narrates the story of the feminine form of Vishnu?

(A) Sattriya
(B) Kathak
(C) Manipuri
(D) Mohiniattam

Q.3

India has a parliamentary form of government which is a feature borrowed from the _____ Constitution.

(A) Britain
(B) South Africa
(C) United States of America
(D) Australia

Q.4

Savitribai, together with her husband Jyotirao Phule, founded one of India's first girls' schools in Pune, at Bhide Wada in _____.

(A) 1855
(B) 1844
(C) 1857
(D) 1848

Q.5

Except for the deep sea hydrothermal ecosystem, sun is the only source of energy for all ecosystems on Earth. What comes next in the energy food chain?

(A) herbivores
(B) man
(C) plants
(D) carnivores

Q.6

In India, in the sphere of law making, a Bill does not become an Act unless it receives the assent of the _____.

(A) Attorney General
(B) Prime Minister
(C) Vice President
(D) President

Q.7
Which sector of Central Reserve Police Force will be headed by Inspector General Seema Dhundiya as announced in November 2022?

(A) Bihar
(B) Jharkhand
(C) Uttar Pradesh
(D) Rajasthan

Q.8
In _____, Babur defeated Ibrahim Lodi at Panipat.

(A) 1528
(B) 1532
(C) 1530
(D) 1526

Q.9
The Food Corporation of India procures foodgrains from the farmers at the government announced_____.

(A) maximum retail price
(B) competitive price
(C) minimum support price
(D) discounted price

Q.10
What is the chemical formula of Propyne?

(A) C_4H_5
(B) C_3H_4
(C) C_4H_4
(D) C_3H_5

Q.11
An Act to protect children from offences of sexual assault, sexual harassment and pornography and provide for establishment of Special Courts, referred as _____ (POCSO).

(A) Protection of Children from Sexual Offences Act, 2012
(B) Protection of Children from Sexual Offences Act, 2013
(C) Prevention of Children from Sexual Offences Act, 2012
(D) Protection of Child from Sexual Ordeal Act, 2012

Q.12
Which of the following scientists is known as the father of the Green revolution in India?

(A) Salim Ali
(B) Meghnad Saha
(C) P C Mahalanobis
(D) M.S. Swaminathan

Q.13
Indian athlete Somdev Devvarman is associated with, which of the following sports?

(A) Table Tennis
(B) Lawn Tennis
(C) Hockey
(D) Football

Q.14
Nearly _____ countries of the world are currently members of the WTO. (as on June 2014)

(A) 225
(B) 198
(C) 160
(D) 128

Q.15
According to NITI Aayog's Multidimensional Poverty Index (MPI) 2021, which among the following was the poorest state in the country?

(A) Bihar
(B) Jharkhand
(C) Uttar Pradesh
(D) Punjab

Q.16

Holi is the festival of colours, celebrated in the Hindu month of _____.

(A) Ashvin
(B) Kartik
(C) Chaitra
(D) Phalgun

Q.17

As of November 2022, who among the following is the Governor of Maharashtra, India?

(A) Bhagat Singh Koshyari
(B) Arif Mohammed Khan
(C) Ganesh Lal Mathur
(D) Mangubhai Chaganbhai Patel

Q.18

Which place's distribution of pressure influences the weather conditions over India in winter?

(A) Antarctica
(B) Central and Western Asia
(C) South East Asia
(D) North America

Q.19

'Kalarathnam' from Kerala Kalamandalam 2016 and 'Kalaasree' 2011 from the Kerala Sangeetha Natak Akademi was awarded to_____.

(A) Jatin Goswami
(B) Anuradha Pandey
(C) Sunanda Nair
(D) M.R Krishnamurthy

Q.20

2022 Paralympics winter games was held in _____.

(A) Russia
(B) China
(C) India
(D) Japan

Part-C-Elementary Mathematics 14 questions

Q.1

If the slant height and radius of a cone are 12 cm and 7 cm, respectively, then find the total surface area.

(A) 841 cm^2
(B) 481 cm^2
(C) 418 cm^2
(D) 448 cm^2

Q.2

A shopkeeper announces a discount of 18% on every item in his store. What price should a customer pay for an item of Rs.5,583? (in Rs., rounded off to the nearest integer)

(A) 4578
(B) 3980
(C) 4275
(D) 3650

Q.3

The population of a town is 64,000 which grows by 1/8th of its current population every year. What will be the population after two years?

(A) 81000
(B) 78000
(C) 74000
(D) 72000

Q.4

Find the principal if the interest compounded at the rate of 12% per annum, compounding annually for 2 years is Rs.1,908.

(A) Rs.6,500
(B) Rs.5,400
(C) Rs.7,500
(D) Rs.4,500

Q.6

Sum of 2 natural numbers is 140 and their HCF and LCM are 28 and 168 respectively. Find the difference between the numbers.

(A) 21
(B) 14
(C) 7
(D) 28

Q.8

Akshit is selling a suitcase marked at Rs.5,000 by offering a 10% discount, and further offers a 10% discount if the payment is made in cash. A customer bought the suitcase from Akshit and paid him in cash. How much amount (in Rs.) did he pay to Akshit?

(A) 4,150
(B) 4,200
(C) 4,500
(D) 4,050

Q.10

What is the percentage loss when the cost price and selling price of an article are in the ratio of 5 : 3?

(A) 60 percent
(B) 30 percent
(C) 40 percent
(D) 50 percent

Q.11

Ranu can finish a piece of work in 10 days while Ruby can finish the same work in 15 days. In how many days the whole work will be finished. If they work on alternate days, starting with Ranu?

(A) 13
(B) 12
(C) 11
(D) 14

Q.14

P takes 12 minutes to complete one round of a circular track and R takes 18 minutes to complete the same round. If they start at the same time from the same point in the same direction at 12:30 p.m., then at which of the following times will they meet at the starting point on the same day?

(A) 2:08 p.m.
(B) 2:18 p.m.
(C) 2:38 p.m.
(D) 2:28 p.m.

Q.15

A car takes 5 hours to cover a distance, if its speed is 30 km/h. What should be its speed to cover the same distance in 2.5 hours?

(A) 40 km/h
(B) 60 km/h
(C) 70 km/h
(D) 50 km/h

Q.17

If ‘a’ and ‘b’ are prime numbers, which of the following CANNOT be the sum of ‘a’ and ‘b’ ? (Where a and b are distinct prime numbers)

(A) 6
(B) 10
(C) 28
(D) 14

Q.18

Pramod, Akhil, and Raman can do a piece of work in 14 days. Akhil and Raman can do the same work in 77 days. Find the number of days in which Pramod can complete the same work.

(A) 154/9 days
(B) 177/9 days
(C) 164/9 days
(D) 144/9 days

Q.19

The average age of husband and wife is 24 years. The age of their son is 1/9th of the age of the husband. The wife is 6 years younger to the husband. Find the average age of all three members of family.

(A) 16 years
(B) 15 years
(C) 18 years
(D) 17 years

Q.20

Due to leakage in a tank, there are 220 liters of water left in the tank which originally held 240 liters. What is percent loss of water?

(A) 6.11 percent
(B) 8.33 percent
(C) 5.8 percent
(D) 7.4 percent

Part-D-English 20 questions

Q.1

Select the most appropriate synonym of the word given in brackets to fill in the blank. Their relationship is quite _____ (cordial).

(A) hostile
(B) formal
(C) warm
(D) artful

Q.2

Select the most appropriate ANTONYM of the given word. Progressive

(A) Conservative
(B) Scanty
(C) Repeated
(D) Moving

Q.3

Select the most appropriate synonym of the given word. Scared

(A) Reassured
(B) Calm
(C) Confident
(D) Frightened

Q.4

Select the most appropriate ANTONYM of the given word. Frankness

(A) Transparency
(B) Deception
(C) Openness
(D) Strangeness

Q.5

Select the most appropriate meaning of the given idiom. Pour out one's heart

(A) To challenge
(B) To create a record
(C) To ask for something
(D) To express openly

Q.6

Select the most appropriate meaning of the given idiom. A chip on one's shoulder

(A) An attitude that leads one to become easily angered
(B) Being appreciated
(C) Huge achievement
(D) Injured shoulder

Q.7

Select the most appropriate option that can substitute the underlined segment in the given sentence. The manager's behaviour was the "quintessence" of professionalism.

(A) insignificant appearance
(B) apparent display
(C) perfect example
(D) volatile aspect

Q.8

Select the INCORRECTLY spelt word.

(A) Electrician
(B) Artisen
(C) Technician
(D) Plumber

Q.9

Select the most appropriate homonym of the given word. Flea

(A) Flee
(B) Fleece
(C) Flew
(D) Fly

Q.10

Select the most appropriate ANTONYM of the given word. Candid

(A) Honest
(B) Blunt
(C) Tactful
(D) Simple

Q.11

Select the most appropriate word segment for the underlined word in the given sentence. The wooden miniature that was “being shown” as the show stopper in the exhibition appealed to my father.

(A) on advertisement
(B) on activity
(C) on display
(D) on arrangement

Q.12

Parts of the following sentence have been given as options. One of them may contain an error. Select the part that contains the error from the given options. If you don’t find any error, mark ‘No error’ as your answer. An old man sit down and read his book on his lush green lawn.

(A) An old man sit down
(B) and read his book
(C) on his lush green lawn
(D) No error

Q.13

Parts of the given sentence have been given as options. One of them contains a spelling error. Select the option that rectifies the error. Participating in intrnships is a great way to get a taste of changes taking place in the industry.

(A) takeng
(B) internships
(C) particepating
(D) indastry

Q.14

In the following passage, some words have been deleted. Read the passage carefully and select the most appropriate option to fill in the blanks. We all get goose bumps which are a reflex reaction by a human (1)_____ to a sudden drop in temperatures or feelings of panic, anger or extreme fear. They are also (2)_____ by itty-bitty muscles in our hair follicles.

(A) figure; generated
(B) shape; constructed
(C) form; fabricated
(D) body; created

Q.15

Select the most appropriate synonym of the given word. Bliss

(A) Pain
(B) Bane
(C) Joy
(D) Educated

Q.16

In the following passage, some words have been deleted. Read the passage carefully and select the most appropriate option to fill in each blank. Everybody (1)_____ of age, shape, size and ability needs to become more active every day. We should all be moving more. Did you know that an active life is (2)_____ for physical and mental health and well-being? Regular physical activity can help (3)_____ our risk of cancer and type 2 diabetes, and conditions like obesity, hypertension and depression. Being active at every age (4)_____ the quality of life and everyone's chances of remaining healthy and (5)_____.

Select the most appropriate option to fill in blank number 1.

(A) regardless
(B) no matter
(C) senseless
(D) careless

Q.17

In the following passage, some words have been deleted. Read the passage carefully and select the most appropriate option to fill in each blank. Everybody (1)_____ of age, shape, size and ability needs to become more active every day. We should all be moving more. Did you know that an active life is (2)_____ for physical and mental health and well-being? Regular physical activity can help (3)_____ our risk of cancer and type 2 diabetes, and conditions like obesity, hypertension and depression. Being active at every age (4)_____ the quality of life and everyone's chances of remaining healthy and (5)_____.

Select the most appropriate option to fill in blank number 2.

(A) essential
(B) primary
(C) organic
(D) particular

Q.18

In the following passage, some words have been deleted. Read the passage carefully and select the most appropriate option to fill in each blank. Everybody (1)_____ of age, shape, size and ability needs to become more active every day. We should all be moving more. Did you know that an active life is (2)_____ for physical and mental health and well-being? Regular physical activity can help (3)_____ our risk of cancer and type 2 diabetes, and conditions like obesity, hypertension and depression. Being active at every age (4)_____ the quality of life and everyone's chances of remaining healthy and (5)_____.

Select the most appropriate option to fill in blank number 3.

(A) change
(B) decrease
(C) increase
(D) interpolate

Q.19

In the following passage, some words have been deleted. Read the passage carefully and select the most appropriate option to fill in each blank. Everybody (1)_____ of age, shape, size and ability needs to become more active every day. We should all be moving more. Did you know that an active life is (2)_____ for physical and mental health and well-being? Regular physical activity can help (3)_____ our risk of cancer and type 2 diabetes, and conditions like obesity, hypertension and depression. Being active at every age (4)_____ the quality of life and everyone's chances of remaining healthy and (5)_____.

Select the most appropriate option to fill in blank number 4.

(A) manages
(B) grows
(C) increases
(D) decreases

Q.20

In the following passage, some words have been deleted. Read the passage carefully and select the most appropriate option to fill in each blank. Everybody (1)_____ of age, shape, size and ability needs to become more active every day. We should all be moving more. Did you know that an active life is (2)_____ for physical and mental health and well-being? Regular physical activity can help (3)_____ our risk of cancer and type 2 diabetes, and conditions like obesity, hypertension and depression. Being active at every age (4)_____ the quality of life and everyone's chances of remaining healthy and (5)_____.

Select the most appropriate option to fill in blank number 5.

(A) automatic

(B) adamant

(C) independent

(D) awake

Q.19 **(C)**	Q.20 **(C)**				

Explanations

Part-A-General Intelligence and Reasoning

Q.2 · Answer (A) L

Facing away from the centre, a person's right is the next seat clockwise. K is to N's right, M to K's right and O to M's right (M is to O's left), and L is to N's left, so clockwise the seats run L, N, K, M, O, with P between O and L. The seat clockwise of P, to its immediate right, is L's.

Q.3 · Answer (B) Father

R is T's sister, T is P's daughter and P is M's husband, so P is a man and T's father. R, T's sister, is also P's child, so P is R's father.

Q.5 · Answer (A) 9

Each second number is the square root of the first divided by 3: $\sqrt{441} = 21$ and $21 \div 3 = 7$; $\sqrt{225} = 15$ and $15 \div 3 = 5$. So $\sqrt{729} = 27$ and $27 \div 3 = 9$.

Q.6 · Answer (B) N

Q has R on its left and O third to its right, so Q is second, third or fourth from the left; with four people between Q and S, Q must be second and S seventh, so R is first and O fifth. P, third to the right of M, fits only sixth with M third, which leaves N in the centre, fourth.

Q.7 · Answer (A) 512

The terms are cubes: $6^3 = 216$, $7^3 = 343$, $9^3 = 729$ and $10^3 = 1000$. The missing term is $8^3 = 512$.

Q.9 · Answer (A) EXCBG

The letters move +2 and +6 in turn: HOUSE → JUWYG and BEARD → DKCXF. So CRAVE → EXCBG, with V + 6 wrapping round to B.

Q.10 · Answer (A) EGIK

Within each cluster the letters move two places forward, and each cluster starts one letter after the last letter of the one before. XZBD ends at D, so the next cluster is E, G, I, K: EGIK.

Q.11 · Answer (D) 2,3,5,1,4

In dictionary order: fight (2), figure (3), finger (5), finish (1), fire (4). 'Figh' comes before 'figu', 'fing' before 'fini', and 'fig', 'fin' and 'fir' follow the alphabet.

Q.12 · Answer (D) ru

'Time' is in the first two phrases, so time = ho; 'stops' is in the second and third, so stops = du. That leaves never = ru in 'ho ru du', and 'ru' is also in the code for 'never make mistakes'.

Q.13 · Answer (B) Conclusion III and IV follow

The dogs that are elephants make some elephants dogs (III), and as all elephants are camels, those dogs are camels, so some camels are dogs (IV). The cats need not be among the dogs that are elephants, so neither I nor II follows.

Q.14 · Answer (A) 400 and 60

After interchanging 400 and 60: $(400 \div 2) \times 3 - 100 + 60 = 600 - 100 + 60 = 560$.

Q.15 · Answer (A) 43

The steps alternate ×2 + 1 and ×2 − 1: $5 \times 2 + 1 = 11$, $11 \times 2 - 1 = 21$, $21 \times 2 + 1 = 43$, $43 \times 2 - 1 = 85$ and $85 \times 2 + 1 = 171$.

Q.16 · Answer (A) AOUJ

The first letters are the vowels backwards (U, O, I, E, A) and the third the vowels forwards (A, E, I, O, U); the second and fourth letters move two places back (W, U, S, Q, O; R, P, N, L, J). The next term is AOUJ.

Q.17 · Answer (B) NJYQRGA
Each letter moves two places back: CERAMIC → ACPYKGA and GLASSES → EJYQQCQ, with A – 2 wrapping round to Y. So PLASTIC → NJYQRGA.

Q.19 · Answer (C) ÷ and –
After interchanging ÷ and –: 24 + 18 × 40 ÷ 10 – 20 = 24 + 72 – 20 = 76.

Q.20 · Answer (D) PMOCERA
The first four letters are reversed and then the last three: RAYM OND → MYAR DNO and COMM AND → MMOC DNA. So COMP ARE → PMOC ERA: PMOCERA.

Part-B-General Knowledge and General awareness

Q.1 · Answer (D) non-plan
Before the Union Budget dropped the plan and non-plan classification in 2017-18, the main items of non-plan expenditure were interest payments, defence services, subsidies, salaries and pensions.

Q.2 · Answer (D) Mohiniattam
Mohiniyattam, the classical dance of Kerala, is named after Mohini, the enchantress form that Vishnu takes in Hindu myth. Sattriya comes from Assam and Manipuri from Manipur.

Q.3 · Answer (A) Britain
India's parliamentary system, with a council of ministers responsible to the elected lower House, was taken from the British Constitution.

Q.4 · Answer (D) 1848
Savitribai and Jyotirao Phule opened their first school for girls at Bhide Wada, Pune, in 1848.

Q.5 · Answer (C) plants
Plants, the producers, capture the sun's energy by photosynthesis and form the first link of the food chain; herbivores and then carnivores come after them.

Q.6 · Answer (D) President
Under Article 111 a Bill passed by both Houses of Parliament becomes an Act only when the President gives assent to it.

Q.7 · Answer (A) Bihar
In November 2022 the CRPF promoted two of its own women officers to Inspector General for the first time: Seema Dhundiya was to head its Bihar sector and Annie Abraham the Rapid Action Force.

Q.8 · Answer (D) 1526
Babur defeated Ibrahim Lodi, the last Lodi Sultan of Delhi, in the First Battle of Panipat in April 1526, which began Mughal rule in India.

Q.9 · Answer (C) minimum support price
The Food Corporation of India buys wheat and rice from farmers at the minimum support price, which the government declares every year before the sowing season.

Q.10 · Answer (B) C_3H_4
Propyne (CH_3–C≡CH) is the three-carbon alkyne; alkynes have the formula C_nH_{2n-2}, so propyne is C_3H_4.

Q.11 · Answer (A) Protection of Children from Sexual Offences Act, 2012
POCSO is the Protection of Children from Sexual Offences Act, 2012, which also provides for Special Courts to try such offences.

Q.12 · Answer (D) M.S. Swaminathan
M. S. Swaminathan, the agricultural scientist who led the spread of high-yielding wheat and rice varieties in the 1960s, is called the father of the Green Revolution in India. Salim Ali was an ornithologist, Meghnad Saha an astrophysicist and P. C. Mahalanobis a statistician.

Q.13 · Answer (B) Lawn Tennis
Somdev Devvarman is a tennis player who won the men's singles gold at the 2010 Commonwealth Games in Delhi and the 2010 Asian Games in Guangzhou.

Q.14 · Answer (C) 160
Yemen became the WTO's 160th member on 26 June 2014, so about 160 countries were members then. The membership has grown since.

Q.15 · Answer (A) Bihar
NITI Aayog's first national Multidimensional Poverty Index (November 2021) found 51.91% of Bihar's people multidimensionally poor, the highest share of any state, ahead of Jharkhand and Uttar Pradesh.

Q.16 · Answer (D) Phalgun
Holi is celebrated at the full moon of Phalgun, the last month of the Hindu calendar, which falls in February or March.

Q.17 · Answer (A) Bhagat Singh Koshyari
Bhagat Singh Koshyari was Governor of Maharashtra from September 2019 until the President accepted his resignation on 12 February 2023, so he held the office in November 2022 and still when the exam was held (9 February 2023). Arif Mohammed Khan was then Governor of Kerala and Mangubhai Patel of Madhya Pradesh.

Q.18 · Answer (B) Central and Western Asia
In winter the weather over India is shaped by the pressure over Central and Western Asia, where a high-pressure centre forms north of the Himalayas and sends cold, dry winds towards India.

Q.19 · Answer (C) Sunanda Nair
Sunanda Nair, a Mohiniyattam dancer and disciple of Kanak Rele, received the Kalasree award of the Kerala Sangeetha Nataka Akademi in 2011 and the Kalarathnam of Kerala Kalamandalam in 2016.

Q.20 · Answer (B) China
The 2022 Winter Paralympics were held in Beijing, China, in March 2022, soon after the Winter Olympics there.

Part-C-Elementary Mathematics

Q.1 · Answer (C) 418 cm²
Total surface area = πr(l + r) = 22/7 × 7 × (12 + 7) = 22 × 19 = 418 cm².

Q.2 · Answer (A) 4578
The customer pays 82% of the price: 5,583 × 0.82 = 4,578.06, or ₹4,578.

Q.3 · Answer (A) 81000
Growing by 1/8 a year multiplies the population by 9/8 each year: 64,000 × $(9/8)^2$ = 64,000 × 81/64 = 81,000.

Q.4 · Answer (C) Rs.7,500
Two years' compound interest at 12% is $1.12^2 - 1 = 0.2544$ of the principal, so the principal is 1,908 ÷ 0.2544 = ₹7,500.

Q.6 · Answer (D) 28
The numbers are 28a and 28b with a and b co-prime: a + b = 140 ÷ 28 = 5 and ab = 168 ÷ 28 = 6, so a and b are 2 and 3. The numbers are 56 and 84, and 84 − 56 = 28.

Q.8 · Answer (D) 4,050
₹5,000 × 0.9 × 0.9 = ₹4,050.

Q.10 · Answer (C) 40 percent
The loss is 5 − 3 = 2 parts on a cost of 5 parts: 2/5 × 100 = 40%.

Q.11 · Answer (B) 12
In each two-day pair they do 1/10 + 1/15 = 1/6 of the work, so 6 pairs, 12 days, finish it exactly.

Q.14 · Answer (B) 2:18 p.m.
They are together at the start every LCM(12, 18) = 36 minutes: at 1:06, 1:42 and 2:18 p.m. Of the times given, only 2:18 p.m., 108 minutes after 12:30, is a whole number of 36-minute intervals later.

Q.15 · Answer (B) 60 km/h
The distance is 30 × 5 = 150 km, so the speed needed is 150 ÷ 2.5 = 60 km/h.

Q.17 · Answer (A) 6
The only ways to write 6 as a sum of two natural numbers are 1 + 5, 2 + 4 and 3 + 3: 1 and 4 are not prime and 3 + 3 repeats a prime, so 6 is impossible. 10 = 3 + 7, 14 = 3 + 11 and 28 = 5 + 23.

Q.18 · Answer (A) 154/9 days
Pramod alone does 1/14 − 1/77 = (11 − 2)/154 = 9/154 of the work a day, so he needs 154/9 days.

Q.19 · Answer (D) 17 years
Husband and wife total 48 years and differ by 6, so the husband is 27 and the wife 21. The son is 27 ÷ 9 = 3, and the average is (27 + 21 + 3)/3 = 17 years.

Q.20 · Answer (B) 8.33 percent
240 − 220 = 20 litres are lost: 20/240 × 100 = 8.33%.

Part-D-English

Q.1 · Answer (C) warm
'Cordial' means warm and friendly: 'Their relationship is quite warm.' 'Hostile' is nearly its opposite.

Q.2 · Answer (A) Conservative
'Progressive' means favouring change and new ideas; its opposite is 'conservative', holding to traditional ways.

Q.3 · Answer (D) Frightened
'Scared' means afraid, that is 'frightened'. 'Reassured', 'calm' and 'confident' are nearly its opposites.

Q.4 · Answer (B) Deception
'Frankness' is honesty and openness in speech; its opposite is 'deception', misleading others. 'Transparency' and 'openness' are close to its meaning.

Q.5 · Answer (D) To express openly
To 'pour out one's heart' is to express one's feelings openly, usually to someone one trusts.

Q.6 · Answer (A) An attitude that leads one to become easily angered
To have 'a chip on one's shoulder' is to nurse a grievance, an attitude that makes one quick to take offence and become angry.

Q.7 · Answer (C) perfect example
The 'quintessence' of a quality is its most perfect example: the manager's behaviour was professionalism at its best.

Q.8 · Answer (B) Artisen
The correct spelling is 'artisan', a skilled worker who makes things by hand.

Q.9 · Answer (A) Flee
'Flee' (to run away) sounds exactly like 'flea' (a small jumping insect) but differs in spelling and meaning. Strictly such sound-alike words are homophones; the question uses 'homonym' in that broad sense.

Q.10 · Answer (C) Tactful
'Candid' means frank and outspoken; its opposite is 'tactful', careful to say things in a way that does not offend. 'Honest' and 'blunt' are close to its meaning.

Q.11 · Answer (C) on display
Something 'on display' is being shown to the public, as an exhibit at an exhibition is.

Q.12 · Answer (A) An old man sit down
'Sit' does not agree with the singular subject 'An old man'. 'An old man sat down and read his book' corrects it in this part alone, as 'read' can be the past tense.

Q.13 · Answer (B) internships
The misspelt word is 'intrnships', which should be 'internships'. The other options misspell words that the sentence spells correctly.

Q.14 · Answer (D) body; created
Goose bumps are a reflex of the human 'body', and they are 'created', that is produced, by tiny muscles in the hair follicles. 'Figure', 'shape' and 'form' name an outline, not the body that reacts, and 'constructed' and 'fabricated' describe things built or made up.

Q.15 · Answer (C) Joy
'Bliss' is perfect happiness, that is great 'joy'. 'Pain' and 'bane' are nearly its opposites.

Q.16 · Answer (A) regardless
'Regardless of' means without being affected by: everybody, whatever their age, shape, size and ability. 'No matter' would need 'what' or a clause, not 'of'.

Q.17 · Answer (A) essential
An active life is 'essential', that is necessary, for physical and mental health; 'primary', 'organic' and 'particular' do not go with 'for' in this sense.

Q.18 · Answer (B) decrease
Regular physical activity helps 'decrease', that is lower, the risk of cancer and type 2 diabetes.

Q.19 · Answer (C) increases
Being active 'increases' the quality of life and the chances of staying healthy. 'Manages' and 'grows' do not fit 'the quality of life', and 'decreases' reverses the meaning.

Q.20 · Answer (C) independent
Staying active keeps people healthy and 'independent', able to look after themselves as they grow older.
